KNOW ALL MEN BY THESE PRESENTS that, for and in consideration of One Hundred Dollars (\$100.00) and other valuable consideration paid to **UNITED STATES STEEL CORPORATION**, a Delaware corporation, successor (by conversion) to United States Steel LLC and remote successor to USX Corporation, hereinafter called "Grantor", by **TIMOTHY A. BARTON and wife, JANICE H. BARTON**, hereinafter collectively called "Grantee", the receipt and sufficiency of which are hereby acknowledged, the Grantor does hereby grant, bargain, sell, and convey unto the Grantee, for and during their joint lives and upon the death of either of them, then to the survivor of them in fee simple, together with every contingent remainder and right of reversion, the following described real estate, **MINERALS AND MINING RIGHTS OWNED BY GRANTOR EXCEPTED**, situated in Shelby County, Alabama, to wit:

Lot 19, according to the Survey of Heatherwood, 4th Sector, 2nd Addition,
as recorded in Map Book 12, pages 79, 80, & 71, in the Probate Office of
Shelby County, Alabama.

RESERVING AND EXCEPTING to the extent of Grantor's ownership, however, from this conveyance all of the coal, iron ore, gas, oil, methane, hydrocarbons, occluded natural gas, coal bed methane gas, gob gas, limestone, and all other minerals and non-mineral substances in and under said land, including water associated with the production of coal bed methane gas, together with the right to explore for, to drill for, to mine, to produce and to remove said coal, iron ore, gas, oil, methane, hydrocarbons, occluded natural gas, coal bed methane gas, gob gas limestone, and all other minerals and non-mineral substances in and under said land, including water associated with the production of coal bed methane gas, without using or disturbing the surface of said land; and also the right to transport through said land coal, iron ore, gas, oil, methane, hydrocarbons, occluded natural gas, coal bed methane gas, gob gas limestone, and all other minerals and non-mineral substances from adjoining or other land without using the surface of the land hereby conveyed.

This conveyance is made upon the covenant and condition which shall constitute a covenant running with said land that no right of action for damages on account of injury to said land or to any buildings, improvements, structures, pipe lines and other sources of water supply now or hereafter located upon said land or to any owners or occupants or other persons in or upon said land, resulting from past mining or other operations of the Grantor, its predecessors, assignees, licensees,

lessees or contractors, or resulting from blasting, dewatering or the removal of said minerals, whether said past mining or other past operations be in said land or other lands, shall ever accrue to or be asserted by the Grantee herein or by said Grantees' successors in title, or by any person, this deed made expressly subject to all such past or future injuries. It is understood by the Grantee that Grantor cannot determine to any degree of certainty whether or not any past mining or other operations have occurred in said land or lands in the general vicinity of said land.

As a condition of the conveyance hereunder, Grantee acknowledges and agrees that the physical and environmental condition of said land conveyed hereunder has been inspected by Grantee or their duly authorized agent and that said land is purchased by Grantee as a result of such inspection and not upon any agreement, representation, or warranty made by Grantor. Grantee accepts the physical and environmental condition of said land **"AS IS, WHERE IS, WITH ALL FAULTS"** and hereby releases Grantor from any liability of any nature arising from or in connection with the physical or environmental condition of said land. This condition shall constitute a covenant running with the land as against Grantee and all successors in title.
