Owners may make additional nominations for election for each position on the ARC by delivery of written notice to the ARC at least one day prior to the meeting. At the meeting, the persons nominated for each respective term shall be voted on separately and the person receiving the affirmative vote of a majority of the Owners present shall be elected to serve for the term specified and until his successor is elected and qualified. Prior to the expiration of each term, the ARC shall nominate a person for election for a three year term. The ARC shall then call a meeting of the Owners by delivery of written notice of the persons nominated and the date, time and place of the meeting not less than 14 nor more than 30 days prior to the meeting. 5.4 Procedure and Meetings.

(a) The ARC shall elect a chairman and he, or in his absence, the vice-chairman, shall be the presiding officer at all meetings of the ARC. The ARC may meet on a regular basis as well as upon call of the chairman or vice-chairman, and all such meetings shall be held at such places as may be designated by the chairman or vice-chairman. The affirmative vote of a majority of those present in person or by proxy at a meeting of the ARC shall constitute the action of the ARC on any matter which comes before it; provided that a majority of the members of the ARC may delegate the right to act for and on behalf of the ARC to one or more of its members. The ARC is authorized to retain the services of consulting architects, landscape architects, designers, engineers, inspectors and/or attorneys in order to advise and assist the ARC in performing its functions set forth herein. The ARC shall be entitled to a reimbursement from the Association of expenses incurred in connection therewith. The ARC shall have the right from time to time to adopt and establish such rules and regulations as may be determined to be necessary concerning the procedure, notice of meetings and all other matters concerning the conduct of the business of the ARC.

(b) The ARC shall have the right and power to appoint one or more committees of the ARC and to delegate to such committees various responsibilities of the ARC. The members of the committees of the ARC must be Owners but they need not be members of the ARC. Any Owner may appeal any decision of a committee of the ARC, and the decision of the ARC shall be final with respect to such appeals. The ARC shall have the right from time to time to establish rules and procedures for appeals from the committees; provided that in the absence of such rules and procedures, the procedures set forth in Section 5.6 shall be followed with respect to an appeal from a committee of the ARC.

The Architectural Standards adopted by the ARC and the Association shall be in addition to the provisions and requirements set forth in this Declaration and shall be binding upon and

enforceable against all Owners. In the event of any conflict in the Architectural Standards adopted by the ARC and the Architectural Standards adopted by the Association, the Architectural Standards of the Association shall govern.

5.6 Approval of Plans and Specifications.

(a) In order to preserve the architectural and aesthetic appearance and the natural setting and beauty of the Development, to establish and preserve a harmonious design for the Development and to protect and promote the value of the Property, the Lots, the Dwellings, and all Improvements thereon, no Improvements of any nature shall be commenced, erected, installed, placed, moved onto, altered, replaced, relocated, permitted to remain on or maintained on any Lot or Dwelling by any Owner, other than Developer, which affect the exterior appearance of any Lot or Dwelling unless plans and specifications therefor have been submitted to and approved by the ARC in accordance with the terms and provisions of Section 5.6(b) below. Without limiting the foregoing, the construction and installation of any Dwellings, sidewalks, driveways, parking lots, mailboxes, decks, patios, piers, courtyards, swimming pools, tennis courts, greenhouses, playhouses, awnings, walls, fences, exterior lights, garages, guest or servant's quarters, garages or any other outbuildings, shall not be undertaken, nor shall any exterior addition to or change or alteration be made (including, without limitation, painting or staining of any exterior surface) to any Dwelling or Improvements, unless the plans and specifications for the same have been submitted to and approved by the ARC in accordance with the terms and provisions of Section 5.6(b) below.

(b) The ARC is hereby authorized and empowered to approve all plans and specifications and the construction of all Dwellings and other Improvements on any Lot or Dwelling within the Property. Prior to the commencement of any Dwelling or other Improvements on any Lot or Dwelling, the Owner thereof shall submit to the ARC plans and specifications and related data for all such Improvements, which shall include the following (hereinafter collectively referred to as the "Plans and Specifications"):

(i) Three (3) copies of an accurately drawn and dimensioned site development plan indicating the location of any and all Improvements, including, specifically, the Dwelling to be constructed on said Lot, the location of all driveways, walkways, decks, terraces, patios and outbuildings and the relationship of the same to any set-back requirements applicable to the Lot or Dwelling. The site plan shall reflect the location of the proposed Improvements as such location relates to the recommended Dwelling site as reflected on the Record Map, or otherwise.

(ii) Three (3) copies of a foundation plan, floor plans and exterior elevation drawings of the front, back and sides of the Dwelling to be constructed on the Lot.

(iii) Three (3) copies of written specifications and, if requested by the ARC, samples indicating the nature, color, type, shape, height and location of all exterior materials to be used in the construction of the Dwelling on such Lot or any other Improvements thereto, including, without limitation, the type and color of all brick, stone, stucco, roofing and other materials to be utilized on the exterior of a Dwelling and the

color of paint or stain to be used on all doors, shutters, trim work, eaves and cornices on the exterior of such Dwelling.

(iv) Four (4) copies of the lighting plan, including specifications, for any exterior lighting to be utilized with respect to such Lot or Dwelling.

(v) Four (4) copies of a landscaping plan prepared and submitted in accordance with the provisions of Section 5.7 below.

(vi) Three (3) copies of an erosion control plan prepared and submitted in accordance with Section 5.8 below.

(vii) Such fee as may from time to time be imposed by the ARC for the review, approval and inspection of the Plans for such Improvements and the construction thereof pursuant to Section 5.6(c) below (currently \$250.00).

(viii) Such other plans, specifications or other information or documentation as may be required by the Architectural Standards.

(c) Subject to the provisions of subparagraph (d) below, the ARC shall, in its sole discretion, determine whether the Plans and Specifications and other data submitted by any Owner for approval are complete and acceptable. One copy of all Plans and Specifications as submitted to the ARC shall be retained in the records of the ARC and the other copy shall be returned to the Owner submitting the same marked "approved," "approved as noted," "disapproved" or "incomplete." The ARC shall establish a fee sufficient to cover the expense of reviewing plans and related data and to compensate any consulting architects, landscape architects, designers, engineers, inspectors and/or attorneys retained in order to approve such Plans and Specifications and to monitor and otherwise enforce the terms hereof. Notwithstanding anything provided herein to the contrary, an Owner may make interior improvements and alterations within his Dwelling that do not affect exterior appearance and may make interior improvements and alterations within any buildings or structures it maintains or owns that do not affect exterior appearance and, in each case, without the necessity or requirement that ARC approval or consent be obtained.

(d) All Plans and Specifications approved by the ARC shall be subject to approval of the Association. The ARC shall promptly submit all copies of approved Plans and Specifications to the Association for its consideration. The Association shall denote its approval, conditional approval or disapproval on the Plans and Specifications and return two copies to the ARC for distribution and retention as provided in subparagraph (c) above and shall retain one copy of the Plans and Specifications for its records. The approval, conditional approval or disapproval of such Plans and Specifications by the Association shall be final and binding on the Owner and the ARC.

(e) The ARC and the Association shall have the right to disapprove any Plans and Specifications upon any ground which is consistent with the objectives and purposes of this Declaration, including purely aesthetic considerations, any failure to comply with any of the provisions of this Declaration or the Architectural Standards, failure to provide requested information, objection to exterior design, appearance or materials, objection on the ground of

incompatibility of any such proposed improvement with the scheme of development proposed for the Development, objection to the location of any proposed Improvements on any such Lot, objection to the erosion control plan and/or landscaping plan for such Lot or Dwelling, objection to the color scheme, finish, proportions, style of architecture, height, bulk or appropriateness of any Improvement or any other matter which, in the sole judgment of the ARC or the Association, would render the proposed Improvement inharmonious with the general plan of development contemplated for the Development. The ARC and the Association shall have the right to approve any submitted Plans and Specifications with conditions or stipulations by which the Owner of such Lot or Dwelling shall be obligated to comply and must be incorporated into the Plans and Specifications for such Improvements or Dwelling. Approval of Plans and Specifications by the ARC and the Association for Improvements to one particular Lot or Dwelling shall not be deemed an approval or otherwise obligate the ARC or the Association to approve similar plans and specifications or any of the features or elements for the Improvements for any other Lot or Dwelling within the Property.

(f) In the event the ARC fails to approve in writing any proposed Plans and Specifications within forty-five (45) days after complete Plans and Specifications have been submitted, then the Plans and Specifications so submitted will be deemed to have been disapproved. In such event, the Owner may then submit the Plans and Specifications directly to the Association for its consideration. The approval, conditional approval or disapproval of such Plans and Specifications by the Association shall be final and binding on the Owner and the ARC. The Association shall note its approval, conditional approval or disapproval on all copies of the Plans and Specifications and shall return two copies to the ARC for distribution and retention in accordance with subparagraph (c) above.

(g) Any revisions, modifications or changes in any Plans and Specifications previously approved by the ARC must be approved by the ARC and the Association in the same manner specified above.

(h) If construction of the Dwelling or the Improvements has not substantially commenced (e.g., by clearing and grading, pouring of footing and otherwise commencing framing and other related construction work) within one (1) year of approval by the Association of the Plans and Specifications for such Dwelling or other Improvements, then no construction may be commenced (or continued) on such Lot or Dwelling and the Owner of such Lot or Dwelling shall be required to resubmit all Plans and Specifications for any Dwelling or other Improvements to the ARC and the Association for approval in the same manner specified above.

(i) If (A) any Improvements are initiated, installed, maintained, altered, replaced or relocated on any Lot or Dwelling without approval by the ARC and the Association of the Plans and Specifications for the same or (B) the ARC and/or the Association shall determine that any approved Plans and Specifications for any Improvements or the approved Erosion Control Plan (see Section 5.8) and/or landscaping plans (see Section 5.7) for any Lot or Dwelling are not being complied with, then, in either event, the Owner of such Lot or Dwelling shall be deemed to have violated this Declaration and the ARC and/or the Association shall have the right to exercise any of the rights and remedies set forth in Section 5.14 below.

(j) The ARC and the Association, or any agent, employee or representative of either of them, may at any reasonable time and from time to time enter upon and inspect any Lot or Dwelling or any Improvements being constructed thereon in order to determine whether the approved Plans and Specifications therefor are being complied with. Any such entry shall not be deemed to be a trespass or any other wrongful act by the ARC and the Association.

(k) **No Owner shall occupy any Dwelling unless and until the Association shall have issued to the Owner a Certificate of Compliance in accordance with the provisions of this Section 5.6(k) and Section 5.15 below.** Upon completion of the construction of any Dwelling, the Owner shall submit a written request to the Association for a Certificate of Compliance. Upon receipt of such request, the Association shall, within ten (10) business days, inspect the Dwelling to determine if the construction is in compliance with the Plans and Specifications approved by the ARC and the Association, and promptly upon making such determination, the Association shall either (i) issue to the Owner a Certificate of Compliance in accordance with Section 5.15 below if the Association finds the construction complies with such approved Plans and Specifications; or (ii) deliver to the Owner a written statement setting forth the reason(s) that a Certificate of Compliance will not be issued with respect to such Dwelling.

5.7 Landscaping Approval.

(a) In order to preserve, to the extent practicable, the natural landscaping and plant life currently situated on the Property and in order to enhance the aesthetic appearance of the Property, no landscaping, grading, excavation or fill work of any nature shall be implemented or installed by any Owner, other than Developer, on any Lot or Dwelling unless and until landscaping plans therefor have been submitted to and approved by the ARC and the Association. The provisions of Section 5.6 above regarding the method that such plans are to be submitted to the ARC and the Association, the time for approval or disapproval of the same and the method of approving modifications or changes thereto shall be applicable to such landscaping plans.

(b) In addition to the requirements of 5.7(a) above, the landscaping plan for any Lake Dwellings shall require, among other things, a natural, undisturbed buffer of between 30 feet and 50 feet adjacent to the Lake or other waterway as to each individual Lake Dwelling, to be determined as to each individual Dwelling unless a specific tree buffer is designated on the Record Map. The buffer must remain natural, and the construction of any Improvements in the buffer shall be prohibited except for any improvements approved by the Association for boat storage and/or access to the Lake in accordance with the Master Covenants. The prohibited improvements shall include, without limitation, fenced in pet areas, patios and/or outdoor furniture, playhouses, doghouses, tree houses, swing sets and gardens.

(c) Each landscape plan so submitted for a Sidewalk Lot shall provide for the construction of a sidewalk along the Lot line bounded by the street in accordance with the requirements of the ARC and the Association, and the Owner shall be responsible for the repair of any damage to the sidewalk occurring during construction of the Dwelling or any other Improvements on the Lot. The landscape plan shall also reflect the location of all curb cuts in the sidewalk allowing access to the Lot or Dwelling. The Owner of the Sidewalk Lot must post security for the cost of construction reasonably satisfactory to Developer.

5.8 Erosion Control Plan. Owner or the Owner's builder or contractor shall prepare an Erosion Control Plan to be implemented with respect to any Lot. Any such Erosion Control Plan, to be approved by the ARC and the Association, must provide that gravel be placed in the driveway of the Lots during the construction period and that hay and silt fences be utilized during construction to minimize erosion. Such Erosion Control Plan must comply with all terms and conditions of the General Permit issued by the Alabama Department of Environmental Management and made available to Developer regarding storm water runoff from construction, excavation, land clearing and other land disturbance activities within the Property.

5.9 Builder Regulation and Approval. In order to minimize disruption in the Property and to maintain orderliness during construction of Improvements to Lots or Dwellings within the Property:

(a) The ARC and/or the Association shall have the right and authority from time to time to propose, adopt, alter, amend and revoke rules and regulations applicable to builders, general contractors and subcontractors who are engaged in the construction of Improvements on any Lot or Dwelling within the Property.

(b) The ARC and/or the Association shall have the right to approve an Owner's selection of a builder or contractor, whether a general contractor or subcontractor. No such builder, contractor, or subcontractor shall be approved if, in the opinion of the ARC and/or the Association, such builder, contractor or subcontractor (i) has a history of noncompliance with this Declaration and/or the Master Covenants or the rules and regulations adopted by the ARC and/or the Association with respect to builders and contractors in the Property, and such builder or contractor has failed to provide the ARC adequate assurance that it will comply with the requirements of this Declaration and the Master Covenants and any rules and regulations promulgated thereunder; or (ii) such builder or contractor or subcontractor working thereunder has failed to provide evidence of public liability insurance reasonably acceptable to the ARC and the Association.

(c) The ARC or the Association may require as a condition to the approval of any builder or contractor, whether as a general contractor or subcontractor, to require such builder or contractor to post a bond or other reasonably satisfactory contract for indemnity to cover the cost of repair for any damage caused by such builder or contractor to the roads (including curbs and gutters), storm water drainage systems, and Lakes.

5.10 Subsurface Conditions. The Property may be located in an area which includes underground mines, tunnels, sinkholes and subsurface conditions which may result in sinkholes or other types of ground subsidence. The approval of Plans and Specifications by the ARC and the Association for any Dwelling or other Improvements on a Lot or Dwelling shall not be construed in any respect as a representation or warranty by the ARC, the Association or Developer to the Owner submitting such Plans and Specifications or to any of the successors or assigns of such Owner that the surface or subsurface conditions of such Lot or Dwelling are suitable for the construction of the Improvements contemplated by such Plans and Specifications. It shall be the sole responsibility of each Owner to determine the suitability and adequacy of the surface and subsurface conditions of any Lot for the construction of any contemplated Improvements thereon.

5.11 Limitation of Liability. Notwithstanding anything provided herein to the contrary, neither Developer, the ARC, the Association, nor any agent, employee, representative, member, shareholder, partner, officer or director of any of them, shall have any liability of any nature whatsoever for any damage, loss or prejudice suffered, claimed, paid or incurred by any Owner on account of (a) any defects in any Plans and Specifications submitted, reviewed or approved in accordance with the provisions of this Article V, (b) any defects, structural or otherwise, in any work done according to such Plans and Specifications, (c) the failure to approve or the disapproval of any plans, drawings, specifications or other data submitted by any Owner for approval pursuant to the provisions of this Article V, (d) the construction or performance of any work related to such plans, drawings and specifications, (e) bodily injuries (including death) to any Owner, Occupant or the respective family members, guests, employees, servants, agents, invitees or licensees of any such Owner or Occupant, or any damage to any Dwellings, Improvements or the personal property of any Owner, Occupant or the respective family members, guests, employees, servants, agents, invitees or licensees of such Owner or Occupant, which may be caused by, or arise as a result of, any defect, structural or otherwise, in any Dwellings or Improvements or the Plans and Specifications therefore or any past, present or future soil and/or subsurface conditions, known or unknown (including, without limitation, sinkholes, underground mines, tunnels and water channels and limestone formations on or under any Lot or Dwelling) and any other loss, claim, damage, liability or expense, including court costs and attorneys' fees, suffered, paid or incurred by any Owner arising out of or in connection with the use and occupancy of any Lot or Dwelling or any Improvements situated thereon.

5.12 Commencement and Completion of Construction. Upon commencement of construction of any Dwelling, construction work thereon shall be prosecuted diligently and continuously, and, unless a longer period of time is approved by the ARC, construction shall be completed within one (1) year of the commencement date of said construction, except that Dwellings having over 4,000 square feet shall have a period of 20 months for completion. Such completion shall be evidenced by a certificate of occupancy issued by the appropriate Governmental Authorities and a Certificate of Compliance issued by the Association.

5.13 Sales and Construction Activities. Notwithstanding any provisions or restrictions contained in this Declaration to the contrary, Developer, its agents, employees, successors and assigns, shall have the right and option to maintain such facilities and to carry on such activities as may be reasonably required, convenient, or incidental to the completion, improvement, and sale of Lots and/or Dwellings or the development of Lots, Dwellings, Common Areas and the Additional Property, including, without limitation, the installation and operation of sales and construction trailers and offices, signs and model Dwellings, all as may be approved by Developer from time to time; provided, however, that the location of any construction trailers of any assignees of Developer's rights under this Section 5.13 shall be subject to Developer's approval. The right to maintain and carry on such facilities and activities shall include, without limitation, the right to use Dwellings as model residences and as offices for the sale of Lots and/or Dwellings and for any related activities.

5.14 Enforcement and Remedies. In the event any of the provisions of this Article V or any rules and regulations promulgated by the ARC or the Association hereunder are breached or are not otherwise being complied with in all respects by any Owner or Occupant or the respective family members, guests, invitees, agents, employees or contractors of any Owner or

Occupant, then the Association shall have the right, at its option, to do any or all of the following: (a) deny a contractor access to the subject Lot or Dwelling until the Owner, Occupant, or contractor submits a plan for correction of the violation that is approved by the ARC and the Association and undertakes to cure such violation in accordance with the approved plan, (b) require the cessation of any further construction on any Lot or Dwelling until any work in place which does not comply with the Plans and Specifications approved by the ARC and the Association for such Improvements is removed or corrected, and/or (c) through its designated agents, employees, representatives and independent contractors, enter upon such Lot or Dwelling and take all action necessary to cure such violation or breach. All costs and expenses incurred by the Association in enforcing any of the provisions of this Article V, including, without limitation, attorneys' fees, court costs, costs and expenses of witnesses, engineers, architects, contractors, designers, land planners and any other persons involved in the correction of nonconforming work, the completion of uncompleted work or in any judicial proceeding, together with any other costs or expenses incurred by the Association in causing any Owner or such Owner's contractors, agents or invitees to comply with the terms and provisions of this Article V shall be paid by such Owner as an Individual Assessment under Section 6.2 of the Master Covenants, and if the same is not paid when due, shall bear interest and shall be subject to the lien provided for in Section 6.1 of the Master Covenants and shall be subject to foreclosure as provided therein. Notwithstanding anything provided herein to the contrary, the rights and remedies of the Association set forth herein shall not be deemed exclusive of any other rights and remedies which the ARC or the Association may exercise at law or in equity or any of the enforcement rights specified in the Master Covenants and this Declaration, including without limitation, Sections 6.33, 9.1, 9.2 and 9.3 below.

5.15 Certificate of Compliance. The Certificate of Compliance issued by the Association shall be in form suitable for recordation, identifying the subject Dwelling or Improvement and the Lot on which such Dwelling or Improvement is placed, and stating that the Plans and Specifications, the location of such Dwelling or Improvement and the use or uses to be conducted thereon have been approved, that such Dwelling or Improvement as constructed complies with the requirements of the ARC and the Association under this Article V, and that there are no outstanding unpaid assessments against the Owner under these Sector Covenants or the Master Covenants. Preparation and recording of such certificate shall be at the expense of such Owner. A Certificate of Compliance shall be prima facie evidence of the facts therein stated, and as to any purchaser or encumbrancer in good faith and for value, or as to any title insurer, such certificate shall be conclusive evidence that all Dwellings or Improvements on the Lot, and the use or uses described therein comply with all the requirements of this Article V, that all assessments which may constitute a lien on such Lot or Dwelling have been paid, and that the Lot or Dwelling is in compliance with all other requirements of this Declaration as to which the ARC and the Association exercise any discretionary or interpretive powers.

ARTICLE VI

USE AND DEVELOPMENT RESTRICTIONS

6.1 Use Restrictions. Except as otherwise provided to the contrary in Section 5.13 above and in this Section 6.1, each Lot and Dwelling shall be used for single-family residential purposes only and no trade or business of any kind may be carried on in or from any Lot or Dwelling. The use of any portion of a Dwelling as an office by an Owner shall not be considered

a violation of this covenant if such use does not create regular customer, client or employee traffic. The leasing or rental of a Dwelling for residential purposes only shall not be considered a violation of this covenant so long as the lease (a) is for not less than the entire Dwelling, (b) is for a term of at least six (6) months and (c) is otherwise in compliance with the rules and regulations promulgated and published from time to time by the Association. Notwithstanding anything provided in this Section 6.1 to the contrary, the Property or any portion thereof, including, specifically, any Lots constituting any portion of the Property, may be used and developed for (i) any of the uses included in the definition of Common Areas or Lakes and (ii) any uses permitted under applicable zoning ordinances affecting the Property; provided, however, that in the event any portion of the Property is to be developed or used for any purpose other than Common Areas, Lakes, or single-family residential purposes, then such use must be approved in writing by the ARC.

6.2 ARC and Association Approval. No Dwellings or other Improvements of any nature whatsoever shall be constructed on any Lot or Dwelling unless such Dwelling and/or Improvements have been approved by the ARC in the manner set forth in Article V above. **No Dwelling shall be occupied by any person until the Owner shall have received a Certificate of Compliance from the Association pursuant to Section 5.6(k) and Section 5.15 of this Declaration.**

6.3 Underground Utilities. All utility lines, pipes, conduits and wiring for electrical, gas, telephone, water, sewer, cable television, security and any other utility service for any portion of the Property shall be installed and maintained below ground.

6.4 Building Sites.

(a) Prior to commencing any construction related activities on a Lot (including grading and clearing), the location of the Dwelling to be constructed thereon shall be set forth on the site development plan submitted to the ARC in accordance with Section 5.6(b)(i) above. All eaves, steps, porches, terraces, decks and patios shall be deemed a part of the Dwelling for purposes of locating the Dwelling on the site development plan.

(b) Subject to the minimum building set back lines which may from time to time be imposed by governmental authorities having jurisdiction over the Property and to the natural buffers provided in Section 5.7(b) hereof, there shall be no fixed building set back lines with respect to any Lot because the establishment of inflexible building set back lines for location of Dwellings on Lots tends to force construction of Dwellings, both directly behind and directly beside other homes which may have detrimental effects on the privacy, view, and preservation of trees. The Developer may, at its election, establish a recommended site for a Dwelling on each Lot on the Record Map or otherwise. The establishment of such building site is intended as a guideline, and the actual location of a Dwelling on a Lot is subject to the approval of the ARC and the Association in accordance with Section 5.6 above. **The ARC and Association reserve the right to control absolutely and to solely decide the precise site and location of any Dwellings or other Improvements upon all Lots within the Property and shall not be required to approve the construction of any Dwelling within the recommended building site reflected on the Record Map, or otherwise, or in strict compliance with the set back lines of the applicable Governmental Authority.**

6.5 Trees. Unless located within ten (10) feet of a Dwelling or any driveway or sidewalk, no Owner, other than Developer, shall cut, remove or mutilate any tree, shrub, bush or other vegetation having a trunk diameter of four (4) inches or more at a point of three (3) feet above ground level, without first obtaining the approval of the ARC; provided, however, that the foregoing shall not be deemed to prohibit the cutting and removal of any dead or diseased trees certified as such to the ARC nor shall the foregoing be deemed to release any Owner from the provisions of Sections 5.7(b), 6.8 and 7.1.

6.6 Height Limitations. The height of all Dwellings shall be compatible with all other Dwellings adjacent to such Lot or Dwelling. No Dwelling shall exceed three and one-half (3 1/2) stories in height, as measured from the finished grade of the Lot on the front of the Dwelling facing a street or roadway.

6.7 Living Space. The Living Space (which may vary within the Development) with respect to Dwellings to be constructed on Lots within the Property shall be in accordance with the following guidelines: (i) not less than 1,600 square feet on the main floor of any one-story Dwelling; (ii) not less than 2,000 square feet in the case of a one and one-half story Dwelling, with a minimum of 1,400 square feet being on the first floor; and (iii) not less than 2,000 square feet for any two-story Dwelling, with a minimum of 1,000 square feet being on the two main floors. The Association can reduce or increase the Living Space requirements for a Dwelling if, in the opinion of the Association, the appearance of the Dwelling on the Lot will be consistent with the other Dwellings within the Property.

6.8 Landscaping.

(a) The landscaping plan for each Lot or Dwelling in the Development shall substantially comply with the requirements of Section 5.7 and shall be submitted to the ARC and the Association for approval pursuant to the provisions of Section 5.6 above. Each Owner shall, to the extent practicable, attempt to incorporate into the landscaping plan for his Dwelling the natural plant life existing on such Lot and shall otherwise take such steps which would, to the extent practicable, preserve the existing trees, plant life, wild flowers and natural environment, including natural drainage channels, which exist on such Lot.

(b) Subject to the natural buffers required under Section 5.7(b) hereof, all front and side yards of each Lot shall, unless approved by the ARC and the Association or otherwise required as a natural area or unless the same is landscaped with shrubbery and other approved plant life, be sodded with grass.

(c) All landscaping for a Lot shall be completed in accordance with the landscaping plan approved by the ARC no later than thirty (30) days following the issuance of a Certificate of Compliance for the Dwelling situated thereon.

(d) No hedge or shrubbery planting which obstructs sight-lines of streets and roadways shall be placed or permitted to remain on any Lot or Dwelling where such hedge or shrubbery interferes with traffic sight-lines for roadways within the Development. The determination of whether any such obstruction exists shall be made by the Association, whose determination shall be final, conclusive and binding on all Owners.

(e) No rocks, rock walls or other substances shall be placed on any Lot as a front or side yard border or to prevent vehicles from parking on or pedestrians from walking on any portion of such Lot or to otherwise impede or limit access to the same. No bird baths, fountains, reflectors, flag poles, statues, lawn sculptures, lawn furnishings, artificial plants, rock gardens, rock walls, bird houses or other fixtures and accessories shall be placed or installed within the front or side yards of any Lot or Dwelling.

(f) No vegetable, herb or similar gardens or plants shall be planted or maintained in the front or side yards of any Lot or Dwelling or in the rear (back) yard of any Lot or Dwelling if the same would be visible from any street.

(g) The ARC and/or the Association may from time to time promulgate rules and regulations adopting an approved list of plant life which may be utilized on any Lot or Dwelling, which rules and regulations may prescribe that a minimum dollar amount be established and utilized as the landscaping budget for each Lot or Dwelling.

(h) No Owner shall allow the grass on his Lot or Dwelling to grow to a height in excess of six (6) inches, measured from the surface of the ground.

(i) Seasonal or holiday decorations (e.g., Christmas trees and lights, pumpkins, Easter decorations) shall be promptly removed from each Lot or Dwelling as soon as such holiday passes.

6.9 Roofing.

(a) The ARC and/or the Association shall have the right to establish specific requirements for the pitch of any roof and the type of roofing materials which may be utilized for any Dwelling.

(b) No solar or other energy collection panel, equipment or device shall be installed or maintained on any Lot or Dwelling, including, without limitation, the roof of any Dwelling, if the same would be visible from any street.

(c) No plumbing or heating vents, stacks and other projections of any nature shall be placed on the roof on the front of a Dwelling. All such vents, stacks and any other projections from the roof of any Dwelling shall be located on the rear roof of such Dwelling and shall (i) be painted the same color as the roofing material used for such Dwelling and (ii) to the extent practicable, not be visible from any street.

(d) No projections of any type shall be placed or permitted to remain above the roof of any Dwelling except for approved chimneys and vent stacks.

6.10 Exterior Lighting. All exterior lighting for any Dwelling, including, without limitation, free standing lighting and utility (e.g., flood) lights attached to a Dwelling, must be approved by the ARC and the Association.

6.11 Exterior Materials and Finishes.

(a) Approved exterior building material finishes for any Dwelling shall include brick, stone, stucco, synthetic plaster (e.g., dryvit), solid wood siding (e.g., cypress or other solid wood) and such other materials as may be approved by the ARC and the Association. Unless specifically approved by ARC, the use of siding in combination with brick, stone, stucco or synthetic plaster (e.g., dryvit) shall not be utilized on the front of any Dwelling and shall otherwise be limited to the greatest extent possible. All wood surfaces utilized on the exterior of any Dwelling shall be painted; stained wood shall not be authorized; provided, however, that the foregoing shall not be deemed to require decks on the rear of a Dwelling to be painted nor shall the foregoing be deemed to prohibit the staining of doors. Unless specifically approved by the ARC, exterior finish materials shall not include particle board, plywood, vinyl or any other type of pressed, laminated or fabricated siding, vertical siding, and any other materials as the ARC and the Association may from time to time determine.

(b) All brick, stonework and mortar, as to type, size, color and application, must be approved by the ARC and the Association. (c) No wooden steps, stoops or porches shall be allowed on the front or sides of any Dwellings. Concrete steps, stoops or porches must be finished in tile, brick or stone.

(d) No concrete, concrete block or cinder block shall be used as an exposed building surface; any concrete, concrete block or cinder block utilized in the construction of a Dwelling or for retaining walls and foundations shall be finished in the same materials utilized for the remainder of the Dwelling (e.g., brick, stone, stucco, etc.).

(e) Metal flashing, valleys, vents and gutters installed on a Dwelling shall be painted to blend with the color of the exterior materials to which it is adhered or installed.

6.12 Chimneys. The exterior of all chimneys shall be constructed of either brick, stone, stucco or synthetic plaster (e.g. dryvit). Unless specifically approved by the ARC, no cantilevered chimneys or chimneys with siding shall be permitted. If a fireplace utilizes a metal spark arrestor or other metal venting apparatus at the top of the chimney, then a painted metal cowl or surround shall be installed atop the chimney. All metal or other materials placed on top of or around a chimney shall be painted to blend with the color of the roofing material used for such Dwelling.

6.13 Garages.

(a) Each Dwelling shall provide for parking for at least two (2) automobiles in garages equipped with garage doors. Carports shall not be permitted.

(b) Garage doors shall not open toward, or allow front entry from, any street unless the ARC, in its sole discretion, approves a front entry garage due to width or depth constraints of a Lot or Dwelling. Garage doors shall be constructed of such materials as are approved by the ARC and the Association. All Dwellings on corner lots shall have automatic garage doors. Garage doors shall be kept closed at all times except when in use. No garage shall

be converted to any use other than for the parking of vehicles therein without the approval of the ARC and the Association.

(c) All automobiles owned or used by the Owner or Occupant of any Dwelling and their respective family members shall be parked in garages to the extent garage space is available. Garages shall not be used for storage or for any other purposes or uses which would result in the garage being unavailable for the parking of vehicles therein.

6.14 Fences.

(a) No chain link, vinyl coated or wire fences shall be permitted within the Property except with regard to maintenance areas within the Common Areas, tennis courts approved by the Association and those fences erected by Developer. No fences shall be allowed in front yards. Electric fences (other than underground invisible electric fences for the retention of pets) shall not be permitted. The type of materials utilized for (including the color thereof) and the location of all fences must be approved by the ARC and the Association. Fences visible to streets shall be screened with landscaping acceptable to the ARC and the Association.

(b) Notwithstanding subparagraph (a) above, no fence constructed on any Lot shall exceed six feet in height or the maximum height imposed by any Governmental Authority. Without the approval of the Association, no fence on any Lot shall be visible from (i) any arterial road within the Property; (ii) any Lake or Park; or (iii) any roads adjacent to Lake Lots. (a) No trash, garbage, rubbish or debris of any kind shall be dumped, placed or permitted to accumulate upon any portion of the Property nor shall any nuisance or odors be

permitted to exist or operate upon or arise from any Lot or Dwelling which would render any portion thereof unsanitary, unsightly, offensive or detrimental to persons using, occupying or owning any other Lots or Dwellings within the Development. Noxious or offensive activities shall not be carried on in or from any Lot or Dwelling or in any part of the Common Areas, and each Owner and Occupant shall refrain from any act or use of a Lot or Dwelling which could cause disorderly, unsightly or unkept conditions, result in the cancellation of or increase in insurance coverage or premiums for any portion of the Development or be in violation of any law, statute, ordinance rule, regulation or requirement of any Governmental Authority. Without limiting the generality of the foregoing, no exterior speakers, horns, whistles, bells or other sound devices, other than security and fire alarm devices used exclusively for such purposes, shall be located, used or placed upon any Lot or Dwelling or other portion of the Property.

(b) Each Lot or Dwelling shall provide for adequate off-street parking (i.e., parking areas located solely within the property lines of such Lot or Dwelling). Vehicles shall be parked only in driveways constructed in accordance with the provisions of Section 6.19 above or in garages constructed in accordance with the provisions of Section 6.13 above. Vehicles shall not be parked on any landscaped or natural areas of a Lot or Dwelling.

(c) Any vehicle which is inoperable shall be immediately removed from the Property. No Owner or Occupant shall repair or restore any vehicle, machinery or equipment of any kind upon or within any Lot or Dwelling or within any portion of the Common Areas, except (i) within enclosed garages or workshops or (ii) for emergency repairs and then only to the extent necessary to enable the immediate movement thereof to a proper repair facility located outside of the Property.

All such signage shall be purchased from the Association for a reasonable cost. The signs shall contain no more than the name of the broker or builder, telephone number, the name of the agent, and such other information as may be approved by the Association. The ARC and the Association shall have the right to enter any of the Property for the purpose of removing and destroying any unauthorized signs without recourse from any Owner or builder. All builder or contractor signs shall be promptly removed after completion of construction. So long as it owns any Lots within the Property, the Developer shall have the right to place any type of signs on or about the Property for the purpose of advertising the Property and/or the Development and promoting the sale of Lots.

(a) During the construction of any Improvements or Dwelling, (i) all Lots or Dwellings shall be maintained in a clean condition, free of debris and waste material, (ii) all unused construction materials shall be stored, to the extent practicable, out of view from any street and (iii) all construction trash, debris and rubbish on each Lot shall be properly disposed of outside the Development at least weekly. Used construction materials may be burned on-site so long as such burning does not create a nuisance to other Owners or violate the laws, ordinance, codes, statutes, rules or regulations of any applicable Governmental Authority; in no event, however, shall any used construction materials be buried on or beneath any Lot or Dwelling or

any other portion of the Property. No Owner shall allow dirt, mud, gravel or other substances to collect or remain on any street. Each Owner and each Owner's contractor, subcontractors, laborers and suppliers shall cause all such dirt, mud, gravel and other substances to be removed from the treads and wheels of all vehicles used in or related to the construction of Improvements on a Lot or Dwelling prior to such vehicles traveling on any streets within the Development.

(d) All Dwellings and any other Improvements shall be constructed in compliance with the Architectural Standards and all applicable federal, state, county and local laws, ordinances, rules, regulations and zoning and building code requirements. Each Owner shall be solely responsible for obtaining from the appropriate Governmental Authorities all necessary permits and licenses and otherwise paying all required fees for the construction of any Improvements on such Owner's Lot. Each owner shall also be responsible for strict compliance with the Plans and Specifications for the Dwelling, the landscaping plan for the Lot, the Erosion Control Plan approved by the ARC and the Association, as well as any other applicable watershed protection or soil erosion requirements, and other governmental requirements, both during and after completion of construction of any Improvements on such Owner's Lot. **In the event that the Owner or any of his contractors or agents shall be in violation of the aforesaid requirement, the Association or the ARC shall have the right to exercise any of the remedies set forth in Section 6.33 below. Further, the Owner shall indemnify and hold the Developer harmless from and against any liability the Developer may have as a result of the violation by the Owner or its builder, contractor, or other agent, of the terms, conditions or requirements of the Erosion Control Plan submitted by the Owner and approved by the ARC and the Association.**

6.28 Subdivision and Interval Ownership. No Lot may be subdivided or resubdivided without the prior written approval of the Association; provided, however, that the provision of this Section 6.28 shall not be applicable to Developer. No Lot or Dwelling shall be sold or owned under any time-sharing, time-interval or similar right-to-use programs.

6.29 Swimming Pools and Tennis Courts. Swimming pools, outdoor hot tubs, reflecting ponds, saunas, whirlpools, lap pools and tennis courts may be constructed, installed and maintained on any Lot or Dwelling subject to the prior written approval of the plans for the

6.31 Additional Regulations. In addition to the restrictions set forth in this Declaration, (i) the ARC and the Association shall have the right, in its sole discretion, from time to time and at any time to adopt, modify and amend the Architectural Standards in order to impose such other, further or different requirements or restrictions which shall be binding on all Owners, Lots and Dwellings, including the adoption of additional or more specific requirements and restrictions governing the improvement and use of any Lot or Dwelling and (ii) the Association shall have the right from time to time and at any time to adopt, modify and amend such rules and regulations as the Association, in its sole discretion, determines to be in the best interests of all Owners with respect to the use, maintenance and repair of the Common Areas in the Development, which rules and regulations shall be binding on all Owners, Lots and Dwellings.

6.32 Variances. The Association, in its sole and absolute discretion, shall have the exclusive right to grant variances with respect to the provisions of Article V above and this Article VI with respect to any Lot or Dwelling. Any variance request submitted to the Association shall be in writing and, upon approval of the same by the Association, shall be evidenced by a written variance executed by the Chairman, President or a Vice President of the Association.

6.33 Enforcement and Remedies. In the event any of the provisions of this Article VI are breached or are not otherwise being complied with in all aspects by any Owner or Occupant or the respective family members, guests, invitees, agents, employees or contractors of any Owner or Occupant, then the Association or the ARC shall each have the right, at their option, to do any or all of the following: (a) require cessation of such violation or noncompliance and/or (b) through their designated agents, employees, representatives and independent contractors, enter upon such Lot or Dwelling and take all action necessary to extinguish or correct such violation or breach. All costs and expenses incurred by the ARC or the Association in enforcing any of the provisions of this Article VI, including, without limitation, attorney's fees, court costs, costs and expenses of witnesses, engineers, architects, designers, land planners and any other persons involved in the correction of any noncompliance or the removal of such violation or in any judicial proceeding, together with any other costs or expenses incurred by the ARC or the Association in connection therewith, shall be paid by such Owner who has violated or breached any of the provisions of this Article VI, shall constitute an individual Assessment to such Owner pursuant to Section 6.2 of the Master Covenants, and if the same is not paid when due, shall bear interest, and shall be subject to the lien provided for in Section 6.1 of the Master Covenants, and shall be subject to foreclosure as provided for therein. Notwithstanding anything provided herein to the contrary, the rights and remedies of the ARC and the Association set forth herein shall not be deemed exclusive of any other rights and remedies which the ARC or the Association may exercise at law or in equity or any of the enforcement rights specified in the

Master Covenants or this Declaration in Sections 5.14, 6.21, 6.27(d), 6.31, 7.2(b), and 9.1 of this Declaration.

ARTICLE VII MAINTENANCE RESPONSIBILITIES

7.1 Responsibilities of Owners.

(a) The maintenance and repair of all Lots, Dwellings, all other Improvements situated hereon or therein and all lawns, landscaping and grounds on or within a Lot or Dwelling shall be the responsibility of the Owner of such Lot or Dwelling. Each Owner shall be responsible for maintaining his or its Lot or Dwelling, as the case may be, in a neat, clean and sanitary condition, both inside and outside of any Dwellings or Improvements thereto. Such responsibilities shall include, without limitation, maintaining at all times appropriate paint and stain finished on all Dwellings and other Improvements and reroofing or replacing roofing shingles when the same become worn or would be replaced by a prudent Owner. No exterior changes, alterations or Improvements shall be made to any Lot or Dwelling (including, without limitation, painting or finishing) without first obtaining the prior written approval of the same from the ARC and the Association.

(b) Each Lot or Dwelling, as the case may be, shall be landscaped in accordance with plans and specifications submitted to and approved by the ARC and the Association pursuant to Section 5.7 above. All areas of any Lot or Dwelling which are not improved by the construction of a Dwelling thereon (except for the natural, undisturbed buffer area on any Lot or Dwelling as described in the landscape plan submitted under Section 5.7 above) shall at all times be maintained by the Owner in a fully and well kept landscaped condition utilizing ground cover and/or shrubbery and trees. The maintenance obligations set forth in this Section 7.1(b) shall apply to all portions of a Lot or Dwelling up to the edge of the pavement of any roadway or buffer area on or abutting such Lot or Dwelling and shall be binding on the Owner of each Lot or Dwelling at all times, either prior, during or after the construction of any Improvements thereon. Grass, hedges, shrubs, vines and any other vegetation of any type on any Lot shall be cut and trimmed at regular intervals at all times in order to maintain the same in a neat, safe and attractive condition. Trees, shrubs, vines plants and other vegetation which die shall be promptly removed and replaced with living plants of like kind and quantity. Dead vegetation, stumps, weed, rubbish, debris, garbage and waste material shall be promptly removed from any Lot or Dwelling and properly disposed of outside of the Development.

(c) No Owner shall (i) decorate, change or otherwise alter the appearance of any portion of the exterior of a Dwelling (including, without limitation, painting or finishing) or the landscaping, grounds or other improvements within a Lot unless such decoration, change or alteration is first approved, in writing, by the ARC and the Association as provided in Sections 5.6 and 5.7 above or (ii) do any work which, in the reasonable opinion of the ARC or the Association, would jeopardize the soundness and safety of the Property, reduce the value thereof or impair any easement or hereditament thereto, without in every such case obtained the prior written approval of the ARC and the Association.

7.2 Responsibilities of Association.

(a) Except as may be otherwise provided herein to the contrary and in accordance with the provisions of the Master Covenants, the Association shall, to the extent it has received sufficient sums from the Owners through Assessments, maintain and keep in good repair and condition all portions of the Common Areas and Lakes. The Association shall not be liable for injuries or damage to any person or property (1) caused by the elements, acts of God or any Owner or other person, (2) resulting from any surface or subsurface conditions which may at any time affect any portion of the Property caused by rain or other surface water which may leak or flow from any portion of the Common Area or a Lake onto a Lot or Dwelling or (3) resulting from theft, burglary or other illegal entry into the Property or any Lot or Dwelling.

(b) In the event that the Board of the Association determines that (i) any Owner has failed or refused to discharge properly his or its obligations with regard to the maintenance, cleaning, repair or replacement of items for which he or it is responsible hereunder or (ii) any maintenance, cleaning, repair or replacement for which the Association is responsible hereunder is caused by the willful or negligent act of an Owner or Occupant, or their respective family members, guests, servants, employees, invitees or contractors, and the costs of such maintenance, cleaning, repair or replacement are not paid in full from insurance proceeds, if any, received by the Association with respect thereto, then, in either event, the Association, in addition to the exercise of any of the rights and remedies set forth in this Declaration, may give such Owner written notice of Associations' intent to provide such necessary maintenance, cleaning, repair or replacement, at the sole cost and expense of such Owner and setting forth in reasonable detail what action is deemed necessary. Except in the event of emergency situations, such Owner shall have fifteen (15) days within which to complete the same in a good and workmanlike manner or, if the same is not capable of completion within such fifteen (15) day period, to commence such maintenance, cleaning, repair or replacement and to proceed diligently with the completion of the same in a good and workmanlike manner. In the event of emergency situations or the failure by any Owner to comply with the provisions hereof after such notice, the Association may provide (but shall not be obligated to provide) any such maintenance, cleaning, repair or replacement at the sole cost and expense of such Owner, and said cost shall be a personal obligation of such Owner and shall constitute an individual Assessment to such Owner under Section 6.2 of the Master Covenants and shall be subject to the lien and foreclosure rights granted pursuant to Section 6.4 of the Master Covenants.

7.3 Assessments. Each Owner of a Lot or Dwelling, by acceptance of a deed or other instrument conveying any interest therein, regardless of whether such deed or instrument contains a reference to this Declaration, is hereby deemed to covenant and agree to pay to the Association: (a) Common Area Assessments, as established and to be collected from all Owners as provided in Article VII of the Master Covenants, (b) Lake Lot Assessments, to be established and collected from all Lake Lot Owners as provided in Article VIII of the Master Covenants, and (c) individual Assessments against any particular Lot or Dwelling which are established or assessed pursuant to the terms of this Declaration or the Master Covenants. All Assessments, together with late charges and interest as provided in Section 6.4 of the Master Covenants, and all court costs and attorneys' fees incurred by the Association to enforce or collect such Assessments, shall be an equitable charge and a continuing lien upon each Lot or Dwelling for which the Owner thereof is responsible for the payment of the same, which lien may be enforced in the manner provided in Section 6.4 of the Master Covenants. Each Owner shall be personally liable for the payment of all Assessments coming due while he is the Owner of a Lot or Dwelling

and, except as provided in Section 6.5 of the Master Covenants in the case of the foreclosure of a Mortgage by an Institutional Mortgagee, his grantee shall take title to such Lot or Dwelling subject to the equitable charge and continuing lien therefor, but without prejudice to the rights of such grantee to recover from his grantor any amounts paid by such grantee to the Association which were the legal obligations of the grantor. All Assessments, together with late charges and interest at the Applicable Rate, as specified in Section 6.4 of the Master Covenants, court costs and attorneys' fees incurred with respect thereto by the Association, shall also be a personal obligation of the person who was the Owner of the Lot or Dwelling at the time such Assessments and other costs and charges were assessed or incurred. In the event of co-ownership of any Lot or Dwelling, all of the co-Owners shall be jointly and severally liable for the entire amount of such Assessments.

ARTICLE VIII TERM AND AMENDMENTS

8.1 **Term.** The terms, covenants, conditions and restrictions set forth in this Declaration shall run with and bind all of the Property, shall inure to the benefit of all Owners and Mortgagees and their respective heirs, executors, personal representatives, administrators, successors and assigns, and shall be and remain in effect for a period of fifty (50) years from and after the date hereof, after which time this Declaration shall be automatically renewed and extended for successive and continuous periods of ten (10) years each, unless, at any time after fifty (50) years from the date hereof, an agreement executed by the Owners of at least two-thirds (2/3) or more of the Lots or Dwellings within the Property agreeing to terminate or modify this Declaration has been recorded in the Probate Office of Shelby County, Alabama, provided, however, that the Master Covenants and the rights of way and easements established, granted and reserved in Article III hereof shall continue and remain in full force and effect for the time periods and duration specified therein.

8.2 **Amendment by Developer.** For so long as there is any Lot without a Dwelling constructed thereon within the Property, Developer may amend this Declaration by a written instrument filed and recorded in the Probate Office of Shelby County, Alabama, without obtaining the approval of any Owner or Mortgagee; provided, however, that except as otherwise provided in Section 8.4 below, (a) in the event any amendment proposed by Developer materially and adversely alters or changes any Owner's rights to the use and enjoyment of his Lot or Dwelling, or materially and adversely affects the title to any Lot or Dwelling, then such amendment shall be valid only upon the written consent thereto by the Owners so affected (including Developer who shall have the voting rights attributable to any Lots or Dwellings owned by Developer) or (b) in the event any such proposed amendment by Developer would materially and adversely affect the title and interest of any Institutional Mortgagee, such amendment shall be valid only upon the written consent thereto of all such Institutional Mortgagees affected thereby. Any amendment made pursuant to this Section 8.2 shall be certified by Developer and shall be effective upon recording of the same in the Probate Office of Shelby County, Alabama. Each Owner, by acceptance of a deed or other conveyance to a Lot or Dwelling, and each Mortgagee, by acceptance of a Mortgage on any Lot or Dwelling, agrees to be bound by all amendments permitted by this Section 8.2 and further agrees that, if requested to do so by Developer, such Owner and Mortgagee will consent to the amendment of this Declaration or any other instrument relating to the Property if such amendment is (i) necessary to

bring any provision hereof into compliance or conformity with the provisions of any law, ordinance, statute, rule or regulation of any applicable Governmental Authority or the judicial decision of any state or federal court, (ii) necessary to enable any reputable title insurance company to issue title insurance coverage with respect to any Lots or Dwellings, (iii) required by any Institutional Mortgagee in order to enable such Institutional Mortgagee to make a Mortgage loan on any Lot or Dwelling or (iv) necessary to enable any governmental agency or reputable private insurance company to insure Mortgages on any Lots or Dwellings or within the Property.

8.3 Amendments by Owners. Amendments to this Declaration, other than those authorized by Section 8.2 above, shall be proposed and adopted by the Owners in the following manner:

(a) An amendment to this Declaration may be proposed by written petition executed by more than ten percent (10%) of the Owners. Any such proposed amendment must be approved by the Owners at a meeting held after written notice stating the purpose of the meeting has been mailed to the Owners at their Lot addresses. The Owners holding at least two-thirds (2/3) of the Lots shall be required to approve any such amendment; provided, however, that (i) any amendment which materially and adversely alters or changes the rights to the use and enjoyment of a Lot or Dwelling, or materially and adversely affects the title to any Lot or Dwelling must be approved by the Owners so affected; (ii) any amendment which materially and adversely affects the security, title or interest of any Institutional Mortgagee must be approved by such Institutional Mortgagee, (iii) during any period in which Developer owns a Lot or Dwelling in the Property, then Developer must approve such proposed amendment and (iv) to the extent the proposed amendment affects any of the matters described in Section 8.4 below, then the provisions of Section 8.4 below shall be applicable to such proposed amendment.

(b) Any and all amendments which have been approved in accordance with the provisions of Section 8.3(a) above shall be executed by all Owners holding at least two-thirds (2/3) of the total Lots. Any such amendment shall be effective upon recording of the same in the Probate Office of Shelby County, Alabama.

8.4 Restrictions on Amendment. Notwithstanding anything provided in the Declaration to the contrary, in no event may any amendment to Sections 2.2, 2.3, 2.6, 3.1, 3.2, 3.3, 3.4, 3.5, 5.2, 5.7(b), 5.8, 5.9, 5.10, 5.11, 5.14, 6.1, 6.2, 6.7, 6.24, 6.27, 6.32, 6.33, 7.3, 8.2, 8.3, 8.4, 9.1 and 10.1 hereof be effective unless the same is consented to in writing by the Association. The consent of the Association to any such proposed amendment may be withheld in the sole discretion of Developer, with or without any reason, so long as the Developer maintains control of the Association in accordance with the provisions of the Master Covenants.

ARTICLE IX ENFORCEMENT

9.1 Master Covenants and the Association. The Master Covenants have been established to provide for the maintenance, management and regulation of the Common Areas and Lakes in the Development (which includes the Property); to create the Association as the entity responsible for such maintenance, management and regulation of the Common Areas and further as the entity responsible for enforcing the terms and provisions of the Master Covenants, the provisions of this Declaration and the provisions of any protective or restrictive covenants

which has, or may in the future be placed against any property added to the Development in accordance with the Master Covenants; and to provide Assessments against the Owners of Lots within the Development to enable the Association to fulfill such obligations. The Master Covenants should be read in conjunction with this Declaration and in the event that there is any conflict in the provisions of this Declaration and the Master Covenants with respect to the Property, the provisions of the Master Covenants shall govern and prevail. Further, the ARC and the Association in some cases are severally vested with authority to enforce the provisions of this Declaration, and in such instances the Association shall have the first right and privilege to take the actions authorized hereunder to the exclusion of the ARC. The Association and the ARC shall advise and reasonably cooperate with each other when either of them proposes to take any such action in order to avoid the duplication of enforcement efforts hereunder.

9.2 Authority and Enforcement. In addition to the provisions of Sections 5.14, 6.21, 6.27(d), 6.33, 7.2(b) and 7.3 above, in the event any Owner or Occupant or their respective agents, contractors invitees, violates any of the provisions of this Declaration, the Architectural Standards, or any rules and regulations adopted by the ARC and the Association from time to time, the ARC and the Association shall have the power to impose reasonable monetary fines which shall constitute an individual Assessment under Section 6.2 of the Master Covenants; and an equitable charge and a continuing lien upon the Lot or Dwelling and enforceable in accordance with Section 6.4 of the Master Covenants; and shall be a personal obligation of such Owner which is guilty of such violation.

9.3 Procedure. In the event any of the terms or provisions of this Declaration, the Architectural Standards, or any rules and regulations of the ARC and the Association are violated by any Owner or Occupant, or the respective agents, contractors or invitees of any Owner or Occupant, neither the ARC nor the Association shall impose a fine pursuant to Section 9.2 above unless written demand to cease and desist from an alleged violation shall be served upon the Owner responsible for such violations which demand shall specify:

(i) The alleged violation;

(ii) The action required to abate such violation; and

(iii) A time period of not less than ten (10) days during which the violation may be abated without further sanction, if such violation is a continuing one or if the violation is not a continuing one, a statement that any further violation of the same provision of this Declaration, the Architectural Standards, or any of the rules and regulations of the ARC and the Association may result in the imposition of sanctions.

The foregoing procedure shall only be applicable to the enforcement rights specified in Section 9.1 above and shall not apply to the exercise of any of the rights and remedies specified in any other section or provision of this Declaration.

9.4 Nonexclusive Remedies. Notwithstanding anything provided to the contrary in this Declaration, the authority, enforcement and procedural rights set forth in this Article IX are in addition to and shall not be deemed to limit the other rights and remedies set forth in this

Declaration or which the ARC, the Developer, the Association, or any Owner, would have the right to exercise at law or in equity.

ARTICLE X MISCELLANEOUS PROVISIONS

10.1 Control by Developer. Notwithstanding anything provided to the contrary in this Declaration, the Master Covenants, or in any other document or instrument relating to the Property, Developer hereby retains the right to appoint and remove any Member or Members of the ARC as provided by and for the period of time set forth in Section 5.2 above. Each Owner, by acceptance of a deed or other conveyance of any interest in a Lot or Dwelling, agrees that Developer shall have the authority to appoint and remove members of the ARC and its committees in accordance with the foregoing provisions of this Section 10.1 and the provisions of Section 5.2 above. At such time as there is no Lot without a Dwelling constructed thereon within the Property, or the Developer terminates its exclusive voting rights, whichever shall first occur, a special meeting of the Owners shall be called in accordance with Section 5.3 above, at which time the Owners shall elect a new ARC which shall undertake the responsibilities of the ARC and Developer shall deliver all books, accounts and records of the ARC, if any, which Developer has in its possession.

10.2 Legal Expenses. In addition to the rights and remedies set forth in Sections 5.14, 6.21, 6.27, 6.33, 7.2(b), 7.3 and in Article IX above, in the event either the ARC or the Association, or their respective agents or representatives, undertakes any legal or equitable action which either of them deem necessary to abate, enjoin, remove or extinguish any violation or breach of this Declaration, then all costs and expenses incurred by either of them, including, without limitation, attorneys' fees and court costs, in enforcing any of the terms, provisions, covenants or conditions in this Declaration shall be paid for by the Owner against whom such action was initiated as an individual Assessment under Section 6.2 of the Master Covenants. The ARC, its agents and representatives, and the Association, its agents and representatives, are each hereby authorized to take any and all legal or equitable action as may be necessary under the circumstances to restrain or enjoin any such violation or breach or to otherwise seek monetary damages as a result of any expenses incurred by either the ARC or the Association to cure such violation or breach.

10.3 Severability. If any provision of this Declaration or the application thereof to any person or circumstances shall, to any extent, be invalid or unenforceable, the remainder of this Declaration or the application of such provision to persons or circumstances other than those as to which it is held invalid or unenforceable shall not be affected thereby and each provision shall be valid and enforceable to the fullest extent permitted by law.

10.4 Captions and Headings. The captions and headings contained in this Declaration are for convenience of reference only and shall not be used in the construction or interpretation of any provisions of this Declaration. The table of contents, cover page and any index to this Declaration are for convenience of reference only and shall not define or limit any of the terms and provisions hereof.

10.5 Pronouns and Plurals. All personal pronouns used in this Declaration, whether used in the masculine, feminine or neuter gender, shall include all other genders. The use of the singular tense shall include the plural and the use of the plural shall include the singular.

10.6 Binding Effect. The terms and provisions of this Declaration shall be binding upon the Developer, the Association, the ARC, each Owner, Occupant and Mortgagee and the respective heirs, executors, administrators, personal representatives, successors and assigns of each of them, and shall inure to the benefit of Developer, the ARC, the Association, each Owner, Occupant and Mortgagee and the respective heirs, executors, administrators, personal representatives, successors and assigns of each of them.

10.7 Conflict or Ambiguity. In the event of any conflict or ambiguity in the terms and provisions of this Declaration, the general rules of construction against one party as a result of that party having drafted this Declaration are hereby waived by each Owner and, to the fullest extent allowed by law, no conflicts or ambiguity shall be resolved in favor or to the advantage of one party as opposed to another in interpreting any ambiguity or conflict contained herein.

10.8 No Reverter. No restriction or provision hereof is intended to be or shall be construed as a condition subsequent or a possibility of reverter in favor of Developer nor shall any provision be deemed to vest any reversionary interest in Developer.

10.9 Interpretation. In all cases, the provisions set forth and provided for in this Declaration shall be construed together and give that interpretation or construction which, in the opinion of Developer, the Association, or the ARC, as the case may be, will best effect the intent of the general plan of development for the Property. The provisions hereof shall be liberally interpreted and, if necessary, they shall be so extended or enlarged by implication so as to make them fully effective. The provisions of this Declaration shall be given full force and effect notwithstanding the existence of any zoning ordinance or building codes which are less restrictive. The effective date of this Declaration shall be the date hereof. This Declaration shall be construed under and in accordance with the laws of the State of Alabama.

10.10 Rights of Third Parties. This Declaration shall be recorded for the benefit of Developer, ARC, the Association, the Owners and their respective Mortgagees, and Occupants and by such recording, no other adjoining property owner or third party shall have any right, title or interest whatsoever in the Property or its operation and continuation, in the enforcement of any of the provisions of this Declaration or the right to consent to or approve any amendment or modification to this Declaration other than as provided in the Master Covenants.

10.11 No Trespass. Whenever the Association, Developer, the ARC and their respective agents, employees, representatives, successors and assigns, are permitted by this Declaration or the Master Covenants to enter upon or correct, repair, clean, maintain or preserve or do any other action within any portion of a Lot or Dwelling, the entering thereon and the taking of such action shall not be deemed a trespass.

10.12 No Partition. Each Owner hereby waives any right to seek or obtain judicial partition of any portion of the Property.

10.13 Reservation of Rights. Notwithstanding anything provided herein to the contrary, no sale, transfer, conveyance, lease, pledge, encumbrance or other hypothecation of any Lot or Dwelling by Developer to a third party shall constitute or be deemed a transfer of any of the rights reserved herein to Developer unless express reference is made in such instrument of conveyance to the specific rights created in this Declaration which Developer is transferring to any such third party.

10.14 Standards for Review. Whenever in this Declaration the Developer, the Association or the ARC has the right to approve, consent to, or require any action be taken pursuant to the terms hereof, such approval, consent or required action shall, except as otherwise specifically provided herein to the contrary, be given or withheld in the sole and absolute discretion of Developer, the Association or the ARC, as the case may be.

10.15 Oral Statements. Oral statements or representations by Developer, the Association, the ARC or any of their respective employees agents, representatives, successors or assigns, shall not be binding on Developer, the Association or the ARC.

10.16 Notices. Notices required hereunder shall be in writing and shall be delivered by hand or sent by United States Mail, postage prepaid. All notices to Owners shall be delivered or sent to the street addresses of their Lots or such other address as has been designated in writing. All notices to the Developer, the Association or to the ARC shall be delivered or sent in care of Developer to the following address:

or to such other address as the Developer, the Association or ARC may from time to time specify in a notice to the Owners. All notices to Developer shall be sent or delivered to Developer at the above address or to such other addresses as Developer may notify the Association.

10.17 Assignment. Subject to the provisions of Section 10.13 above, Developer, the ARC, and the Association shall each have the right to assign any and all of the rights, powers, reservations and duties contained herein to any person or entity who shall thereupon have the same rights, power, reservations and duties as Developer, the ARC, and the Association, respectively.

10.18 Further Assurances. Each Owner covenants and agrees to execute, sign and deliver, or cause to be executed, signed and delivered and to otherwise do or make, or cause to be done and made, any and all agreements, instruments, papers, deeds, acts or things, supplemental, conformity or otherwise, which may be reasonably requested by Developer, the Association or the ARC for the purpose of or in connection with clarifying, amending or otherwise consummating any of the transactions and matters herein.

10.19 No Waiver. All rights, remedies and privileges granted to Developer, the Association and the ARC pursuant to the terms and provisions of this Declaration shall be

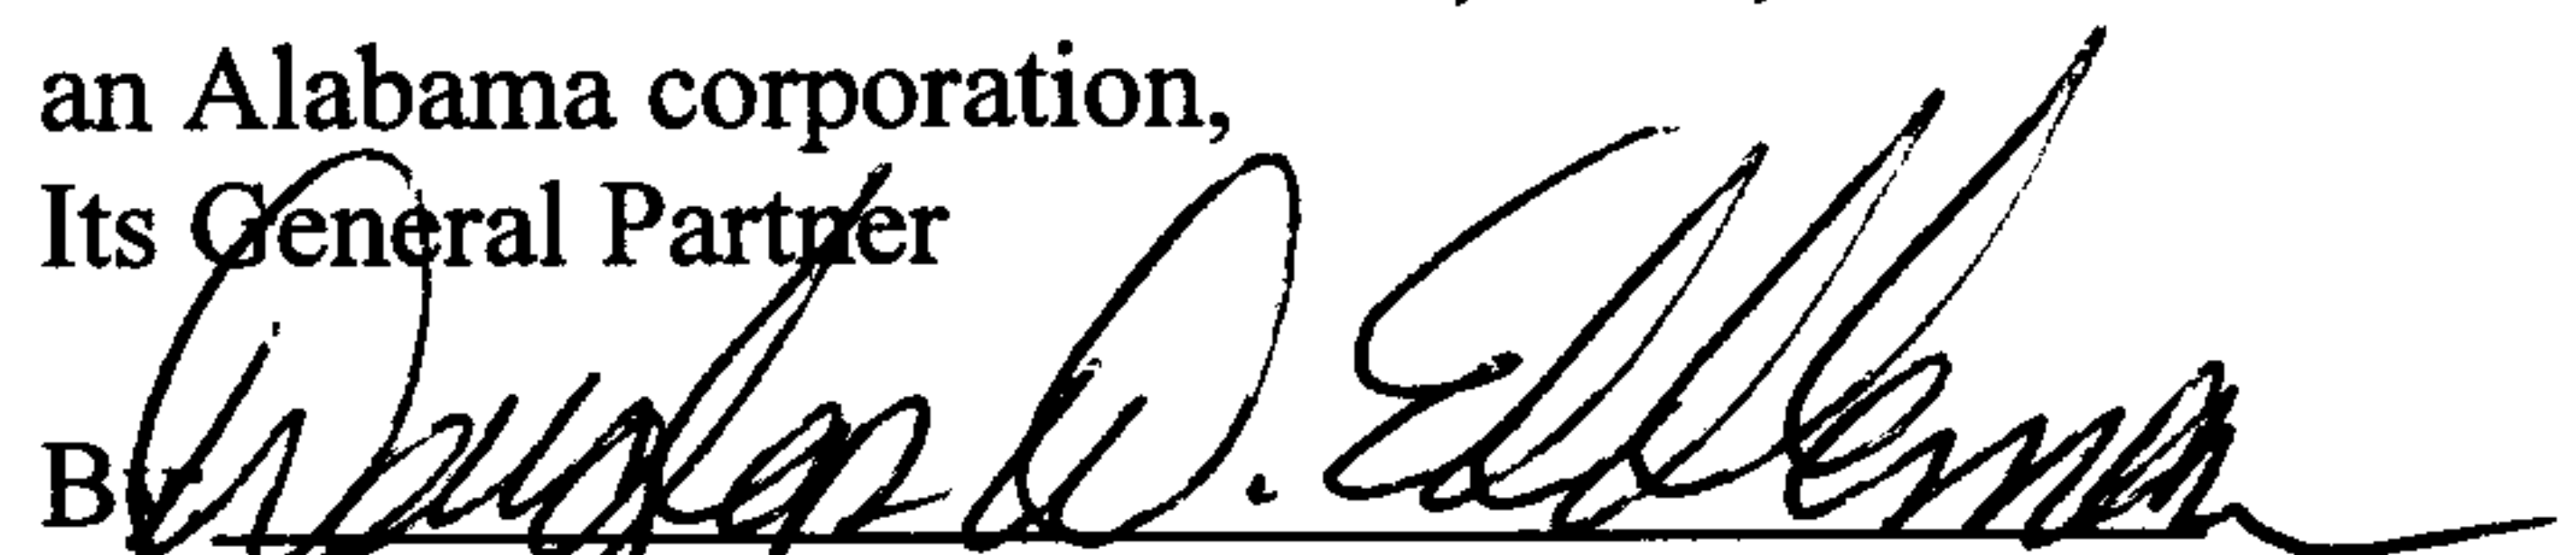

deemed to be cumulative and the exercise of any one or more of such rights, remedies or privileges shall not be deemed to constitute an election of remedies nor shall it preclude the party exercising the same, or any other party, from pursuing such other and/or additional rights, remedies or privileges as may be available to such party at law or in equity. The failure at any time to enforce any covenant or restriction set forth herein shall in no event be deemed a waiver of the right thereafter to enforce such covenant or restriction.

10.20 Perpetuities. If any of the covenants, conditions, restrictions or other provisions of this Declaration shall be unlawful, void or voidable for violation of the rule against perpetuities, then such provisions shall continue only until twenty-one (21) years after the death of the last survivor of the now living descendants of Billy D.
