**SPECIAL WARRANTY DEED  
(SECOND CORRECTIVE)**

**STATE OF ALABAMA )  
JEFFERSON COUNTY AND SHELBY COUNTY )**

**This corrective deed and the underlined revised legal description (affecting only "Parcel B/C/G" referenced below) correct and supercede that certain Special Warranty Deed recorded as Instrument No. 200261/5143 in the Probate Office of Jefferson County, Alabama (Bessemer Division), and recorded as Instrument No. 2002/13680 in the Probate Office of Shelby County, Alabama.**

**KNOW ALL MEN BY THESE PRESENTS** that, for and in consideration of One Hundred Dollars (\$100) and other valuable considerations paid to **THE AUBURN UNIVERSITY FOUNDATION**, an Alabama not for profit corporation, as Trustee of the J. E. Wilborn Charitable Remainder Unitrust, hereinafter referred to as "Grantor", by **UNITED STATES STEEL CORPORATION**, a Delaware corporation, hereinafter referred to as "Grantee", the receipt and sufficiency of which is hereby acknowledged, Grantor does hereby grant, bargain, sell, and convey unto Grantee three (3) tracts of land, **MINERALS AND MINING RIGHTS OWNED BY GRANTOR EXCEPTED**, those tracts of land being as follows: (i) one tract situated in the NE 1/4 of the NE 1/4 of Section 5, Township 20 South, Range 3 West, Shelby County, Alabama (Parcel D); (ii) one tract situated in the SE 1/4 of the NW 1/4 of Section 5, Township 20 South, Range 3 West, Shelby County, Alabama (Parcel F); (iii) one tract situated in the SW 1/4 of the SW 1/4 of Section 33, Township 19 South, Range 3 West, Jefferson County, Alabama (Parcel B/C/G); all three tracts being more particularly described and shown on "**EXHIBIT A**", "**EXHIBIT B**", and "**EXHIBIT C**", attached hereto and made a part hereof.

**RESERVING AND EXCEPTING** to the extent of Grantor's ownership, however, from this conveyance all of the coal, iron ore, gas, oil, methane, hydrocarbons, occluded natural gas, coalbed methane gas, gob gas, limestone, and all other minerals and non-mineral substances in and under said land, including water associated with the production of coalbed methane gas, together with the right to explore for, to drill for, to mine, to produce and to remove said coal, iron ore, gas, oil, methane, hydrocarbons, occluded natural gas, coalbed methane gas, gob gas, limestone, and all other minerals and non-mineral substances in and under said land, including water associated with the production of coalbed methane gas, without using or disturbing the surface of said land and also the right to transport through said land coal, iron ore, gas, oil, methane, hydrocarbons, occluded natural gas, coalbed methane gas, gob gas, limestone, and all other minerals and non-mineral substances from adjoining or other land without using or disturbing the surface of the land hereby conveyed.

This conveyance is made upon the covenant and condition that no right of action for damages on account of injuries to the land herein conveyed or to any buildings, improvements, structure, pipelines, or other sources of water supply now or hereafter located upon said land, or to any owners or occupants or other persons in or upon said land, resulting from sinkholes or other defects of the surface or subsurface of any nature affecting said land or resulting from past mining and/or gas or oil producing operations of Grantor, or its assigns, licensees, lessees, or contractors, or resulting from past blasting, dewatering, or the past removal of coal, iron ore, gas, oil, methane, hydrocarbons, occluded natural gas, coalbed methane gas, gob gas, limestone and all other minerals and non-mineral substances, including water associated with the production of coalbed methane gas, or coal seam or other roof supports by Grantor, or its assigns, licensees, lessees, or contractors, whether said past mining and/or gas or oil producing operations be in said lands or other lands, shall ever accrue to or be asserted by Grantee or by Grantee's successors in title, this conveyance being made expressly subject to all such injuries, either past or future, and this condition shall constitute a covenant running with the land as against Grantee and all successors in title.

By acceptance of this deed and as a condition of this conveyance, Grantee acknowledges and agrees that the physical and environmental condition of said land conveyed hereunder has been inspected by Grantee or its duly authorized agent and that said land is purchased by Grantee as a result of such inspection and not upon any agreement, representation, or warranty made by Grantor. Furthermore Grantee, and on behalf of its successors and assigns, agrees to accept said land in its **"AS IS, WHERE IS, WITH ALL FAULTS"** condition, including any physical and environmental conditions; to release Grantor from any and all liabilities under CERCLA, RCRA, or the HMTA, or any other local, state or federal laws, rules, regulations, or ordinances; and to *indemnify, defend and hold harmless Grantor from and against* any cost, fine, penalty, or other liability relating to the physical and environmental condition of said land. It is the express intention of the parties that this assumption, release, and indemnity run with said land and shall be binding upon Grantee, its successors and assigns, and all successors in title. (For the purpose of this provision, "CERCLA" shall mean and refer to the Comprehensive Environmental Response Compensation and Liability Act of 1980, 42 U.S.C. § 6901, *et seq.*, as amended; and "HMTA" shall mean and refer to the Hazardous Materials Transportation Act, 49 U.S.C. § 5102, *et seq.*, as amended.)

No private right of action shall accrue with respect to the physical or environmental condition of said land to any subsequent purchaser of said land, whether by foreclosure or otherwise, due solely to the taking of title to said land and, by taking such title, any such purchaser does thereby waive any and all right or claim against Grantor, Grantee, or their successors and assigns or any of them, for any costs, loss, damage, or liability such purchaser or its successors and assigns may incur as a result of the physical or environmental condition of said land or the need or desirability to do any removal, corrective, or remediation work including, but not limited to, in connection with hazardous materials or waste pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act, as amended, the Resources Conservation and Recovery Act, as amended, and all regulations thereunder or any similar laws or regulations enacted by the United States of America or the State of Alabama, or any agency or instrumentality of either.

Notwithstanding anything contained herein to the contrary, the property described as Parcel D herein and as shown on "**EXHIBIT A**" attached hereto, is conveyed, and Grantee hereby receives said Parcel D subject to a perpetual restriction and covenant that no building shall be construed on Parcel D other than a single-family detached residential dwelling arranged for the occupancy of not more than one family, or if Parcel D is subsequently subdivided into lots, then only one Dwelling shall be constructed on each lot. This covenant shall run with the land and be binding on Grantee, its successors and assigns and shall inure to the benefit of Grantor, its successors and assigns.

Grantor does hereby covenant that the Grantor is lawfully seized and possessed of said land and has the right and lawful authority to sell and convey said land. The Grantor does hereby warrant the title to said land, and will defend the same against the lawful claims of all persons claiming by, through, or under Grantor and that said land is free and clear of all encumbrances except for the Permitted Encumbrances set forth in "**EXHIBIT D**" attached hereto and by this reference made a part hereof, of which Grantor shall not defend against.

IN WITNESS WHEREOF, Grantor has caused these presents to be executed in its name and behalf and attested by its officers or representatives thereunto duly authorized this, the 28<sup>th</sup> day of May, 2002.
