

ARTICLE I

NAME

The name of the corporation, hereinafter referred to as the "Corporation" is Multivision Inc.,.

ARTICLE II

DURATION

The period of duration of the Corporation is perpetual.

ARTICLE III

PURPOSE

The Corporation is organized exclusively for charitable purposes, including for such purposes, the making of distributions to organizations that qualify as exempt organizations under section 501(c)(3) of the Internal Revenue Code, or corresponding section of any future federal tax code. The Corporation may receive and administer funds for scientific, religious, educational, and charitable purposes, within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986 and to that end, the Corporation is empowered to hold any property, or any undivided interest therein, without limitation as to amount or value; to dispose of any such property and to invest, reinvest, or deal with the principal or the income in such manner as, in the judgment of the directors, will best promote the purposes of the Corporation, without limitation, except such limitations, if any, as may be contained in the instrument under which such property is received, these Articles of Incorporation, the By-Laws of the Corporation, or any applicable laws, to do any other act or thing incidental to or connected with the foregoing purposes or in advancement thereof, but not for the pecuniary profit or financial gain of its directors or officers except as permitted under the Not-for-Profit Corporation Law. Multivision Inc., is a nonprofit organization that is being formed to help at risk children in the Shelby and Jefferson County areas primarily

but not exclusively. In doing extensive research, I have found that in urban areas, children run a high risk of becoming juvenile offenders by the time they are twelve years of age and incarcerated for the first time by age 16. These statistics place young men at a greater risk than young women. Studies also show that young women become pregnant for the first time by the age of 14 and more than half of those women have at least two by the age of 17. These statistics are alarming. Studies show that urban youth are at a greater risk because most of them are raised in single parent homes (most of the time that parent is the mother), raised by relatives who don't really want to raise them, or they are forced to live the "street life" in order to help support the family. These kids lack discipline, education, love, support, training, motivation, and the resources to be successful. Studies show that once these children are labeled juvenile offenders, they are at a greater risk of never receiving any assistance in overcoming their situations. They are thrown away and the system never makes a great attempt at reaching these kids. The purpose of Multivision Inc., is to form a group home for these at risk children. We will be the care takers, support system, friends, disciplinarians, and whatever else they may need. Once the kids are placed in the program by their parents, relatives, courts, Department of Human Resources, or some other form of their legal guardian, they will be unable to be removed until Multivision Inc., believes that they are prepared to return to their old surroundings with a better start. Multivision Inc., will provide these children with a stable living environment (one that is comparable to that of a normal family). They will be enrolled in a school of Multivision's choice in the community in which they will reside. They will be expected to perform well in their academics. They will have the benefit of tutors at their home. They will have a required individual counseling session once a week with a licensed counselor that is employed by Multivision Inc.,. Once they are old enough to obtain employment, they will be encouraged and assisted in doing so. They will be taught financial responsibilities by placing a percentage of their checks in a savings account that they will open. They will be responsible for chores around the house and if they complete their chores on a daily basis they will receive an allowance. They will have the opportunity to earn certain privileges through good behavior and completing certain requirements of the home. They will also be able to lose privileges. They will be under the daily care of house parents or care takers, who will reside in

the home 24 hours a day. There will two sets of house parents that will work 7 on and 7 off shifts. We will find mentors for these kids and will also take them on outings to various places. We want them to eventually become involved in extracurricular activities at their school. We want them to leave Multivision Inc., prepared for life with all of the advantages that a child raised at home with his or her parents, who are able to care and provide for them properly, would have.
