### ARTICLE VII

### SUPPLEMENTAL REGULATIONS

## Area Modification for Lots of Record

The Calera Zoning Board of Adjustment shall approve all proposed development involving non-conforming lots of record. [See Article V, General Regulations, Section 2.00 Section 2.00

### General Yard Requirements

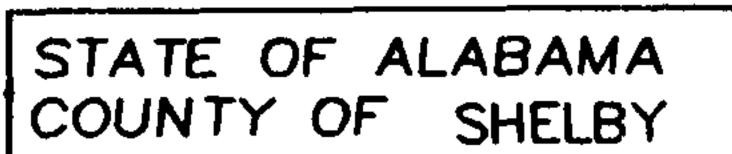

A. Every part of a required yard shall be open to the sky, unobstructed by any structure or part thereof, and, unoccupied for storage, servicing or similar uses, except as provided for herein.

B. More than one (1) multiple dewelling, office, institutional, industrial or public building may be located upon a lot or tract of land, but such dewellings shall not encroach upon the front, side or rear yards required

C. In certan cases the Building Official can modify the front and the rear yard requirements to a point of no more than (5) five feet, in any district. A distance over this will have to go to the Board of Adjustments and Appeals for a variance approval, but the side yards must meet the requirements for the district in question.

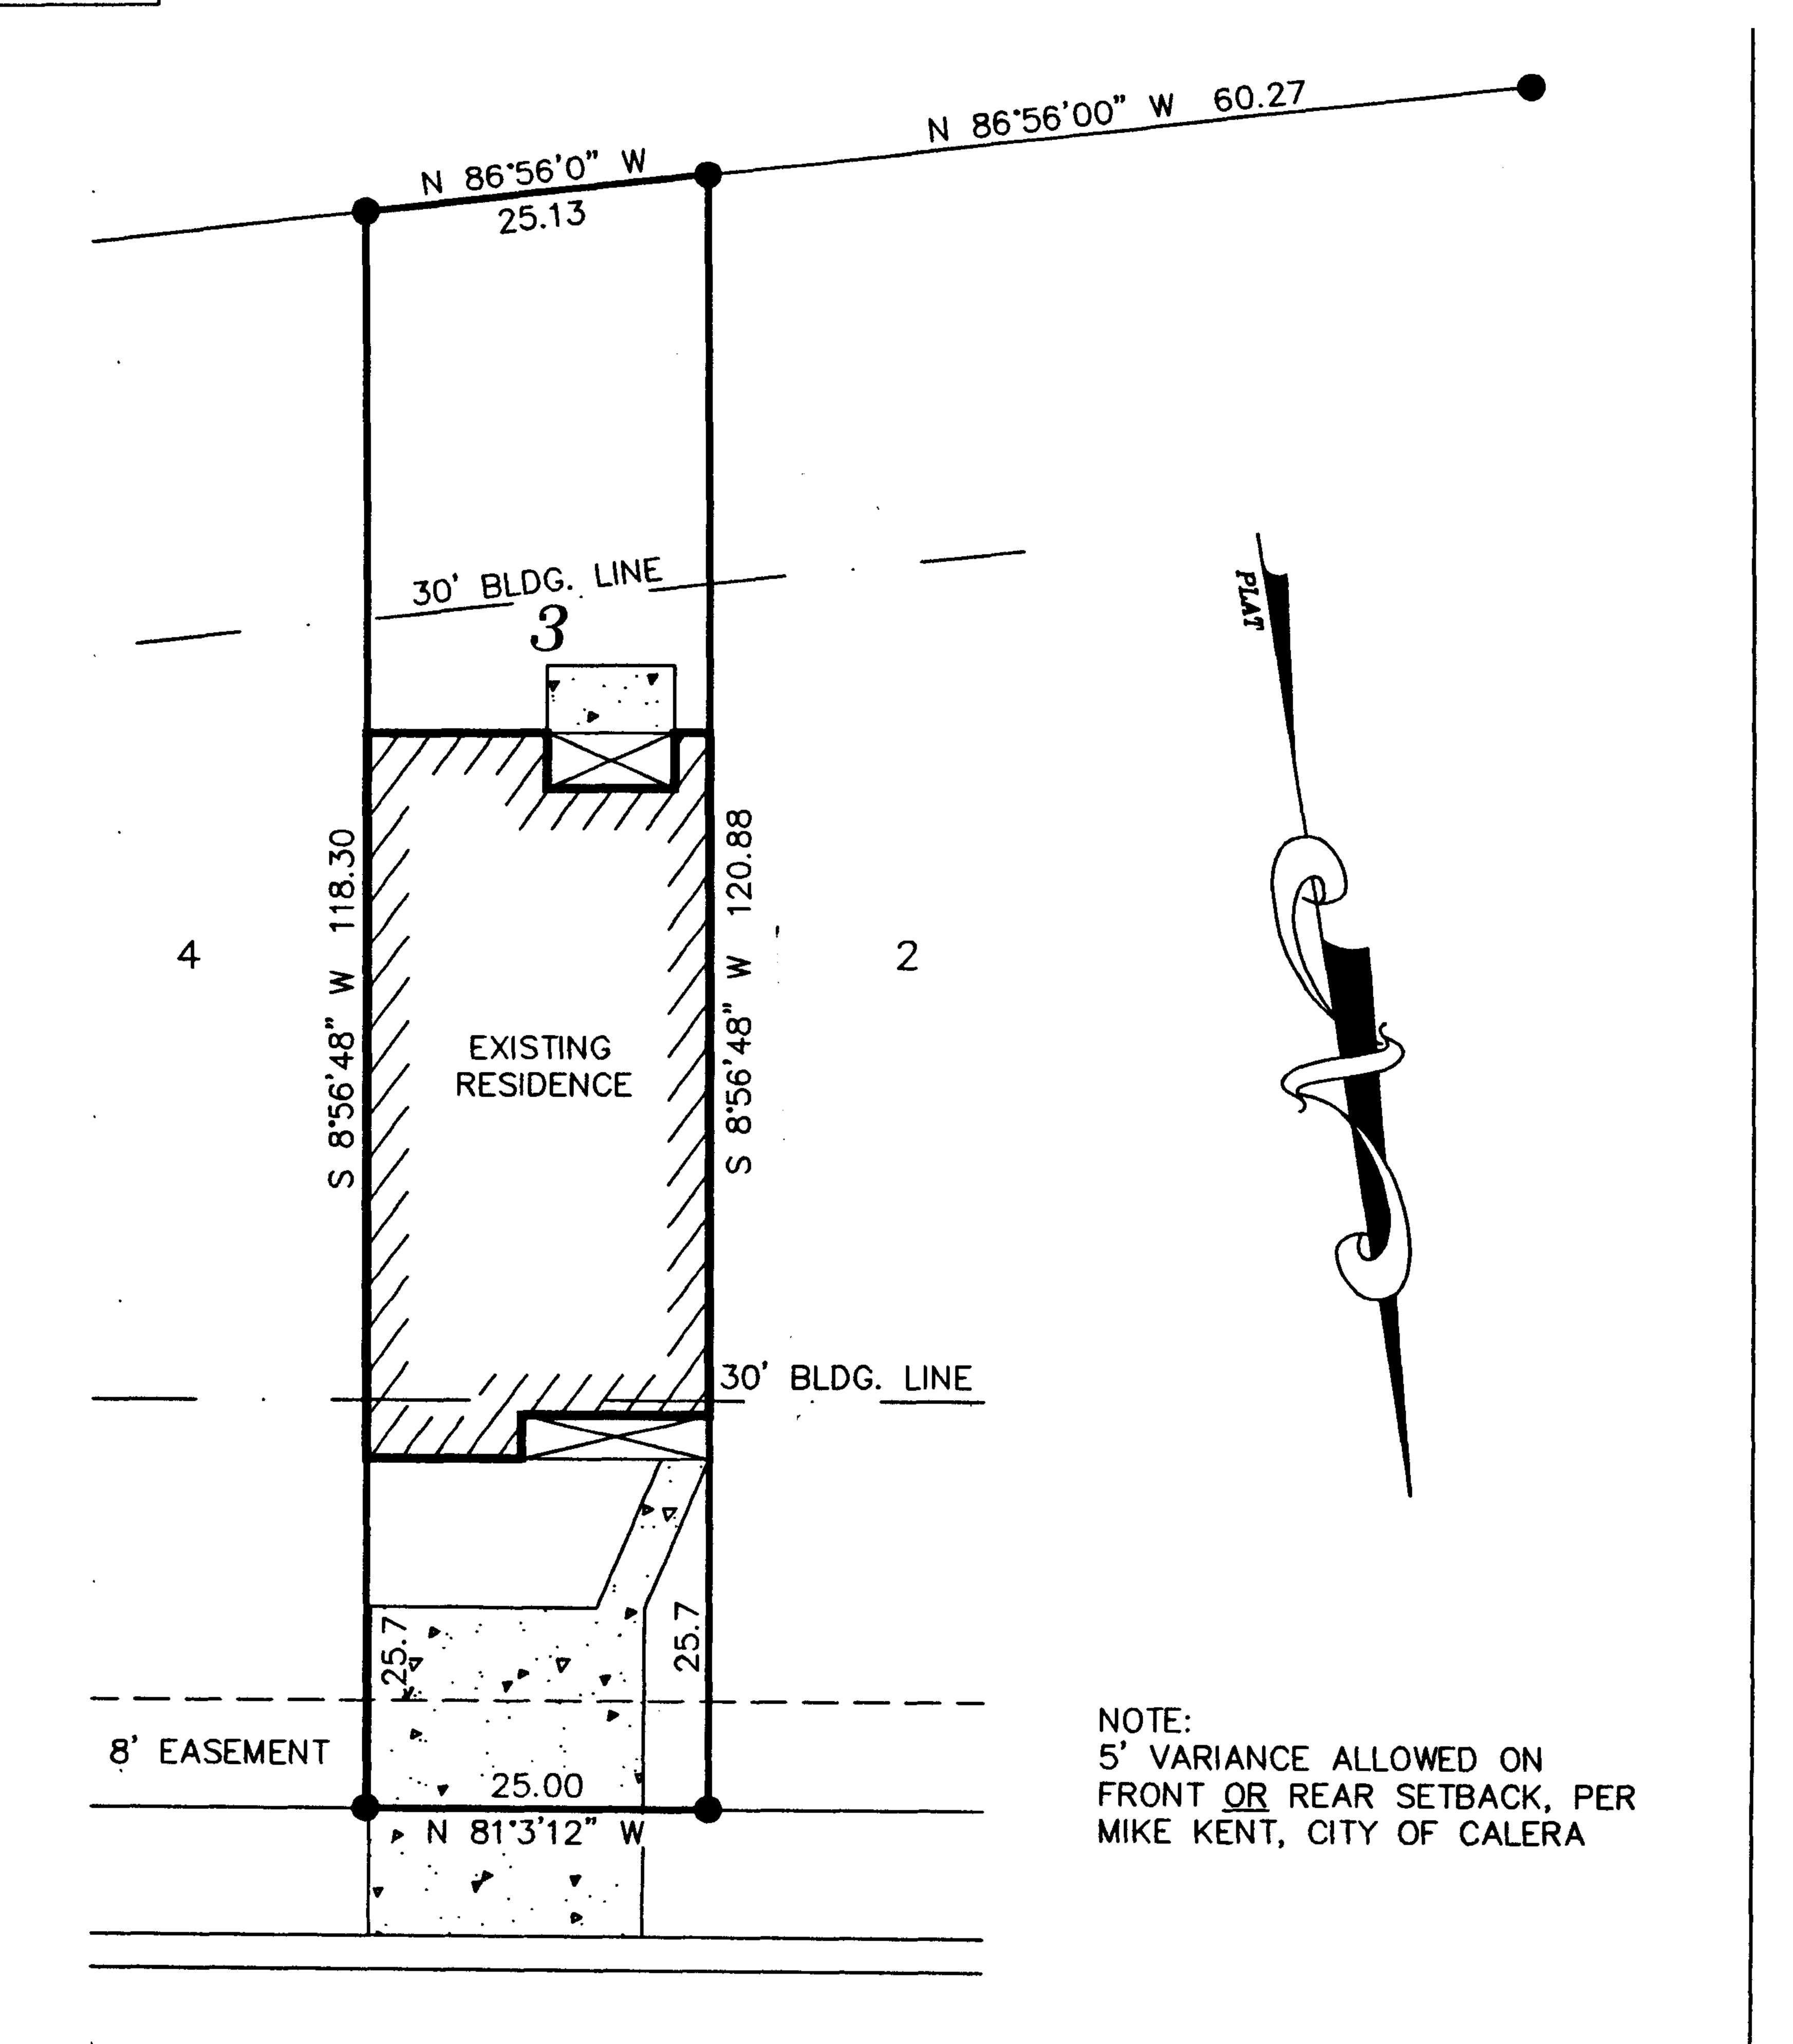

### 2.01 Front Yard Modifications

- Where forty percent (40%) or more of the frontage on the same side of A. the street between two (2) intersecting streets is presently developed or may hereaster be developed with buildings that have (with a variation of five feet (5') or less) a front yard greater or lesser in depth than herein required, new buildings shall not be erected closer to the street than the average front yard so established by the existing dwelling.
- Where forty percent (40%) or more of the frontage on one (1) side of a B. street between two (2) intersecting streets is presently developed or may hereaster be developed with buildings that do not have a front yard as described below. The following shall apply:
  - Where a building is to be erected on a parcel of land that is within one hundred feet (100') of existing buildings on both sides, the minimum front yard shall be a line drawn between the closest front comers of the adjacent buildings
  - Where a building is to be crected on a parcel of land that is within one hundred feet (100') of an existing building on one (1) side only, such building may be erected as close to the street as the
- Through lots shall provide the required front yard on both sides.
- Comer lots shall provide a front yard on each street. D.
