For the consideration stated above, Grantor does hereby agree that every claim or cause of action that Grantor has now or may have in the future which is attributable to the above described operations is hereby fully satisfied, released and discharged. Grantor hereby further agrees that this release shall run with the land and be binding upon the heirs, assigns, successors and legal representatives of Grantor.

Grantor covenants and warrants that Grantor has ownership of the land and property located thereon and has the authority to settle any claims associated therewith, and that Grantor has the authority to execute this Right of Way Agreement.

Grantee has the right to assign and convey any or all of its rights in this Right-of-Way Agreement, and thereby be relieved of all future obligations herein as to the extent of the rights so assigned and conveyed.

Grantee agrees to defend, protect, indemnify, and hold harmless Grantor from any and all liability, claims, damages and losses, including attorneys' fees and cost of court, resulting from or arising out of any operations, activities or omissions of Grantee, its agents and employees in the construction, exercise or use of the rights-of-way herein granted. To have and to hold the above described right-of-way, and rights appurtenant thereto, unto Grantee, its successors and assigns, until all operations of Grantee on the premises shall have permanently ceased or are permanently abandoned, in which event, said right-of-way, and rights appurtenant thereto, shall cease and terminate and revert to Grantor and Grantor's heirs, executors, administrators, successors and assigns.
