Montgomery, Alabama,

February 25th, 1874.

To His Excellency,

David P. Lewis,

Governor, etc.

Sir:-

We the undersigned Commissioners appointed under the laws of this State to divide and set apart the lands granted by Congress to the State of Alabama for the benefit of the South & North Alabama Railroad, the Alabama & ChattanoogahRailroad and the Selma, Rome and Dalton Railroad, within the overlapping limits of fifteen miles of said Railroads, do hereby respectfully report: that in accordance with the provisions of the law under which the Commission was created, we have divided and set apart for the benefit of said Railroads the lands embraced within said limits: lists of which we herewith submit accompanying this Report.

The list marked "A" are the lands set apart for the benefit of the South & North Alabama Railroad, and the list marked "B" are the lands set apart fot the benefit of the Alabama & Chattanooga Railroad within the overlapping limits between the said two Railroads. The list marked "C" are the lands set apart forthe benefit of the South & North Alabama Railroad; the list marked "D" are the lands set apart for the Alabama & Chattanooga Railroad, and the list marked "E" are the lands set apart for the benefit of the Selma, Rome and Dalton Railroad within the overlapping limits of said three Railroads, the list marked "F" are the lands set apart for the benefit of the South & North Alabama Railroad, and the list marked "G" are the lands set apart for the benefit of the Selam, Rome & Dalton Railroad within the

overlapping limits of said two Railroads. The list marked "H" are the lands set apart for the benefit of the Alabama & Chattanooga Railroad, and the list marked "I" are the lands set apart for the benefit of the Selma, Rome and Dalton Railroad within the overlapping limits of said two Railroads.--On the course of our proceddings in making this division a question arose upon which the Commissioners differed; and it became necessary to call in ~~xix~~ an umpire under the law,--Hon. T. J. Judge was appointed umpire to seitle the question; his decision and written opinion is herewith submitted:--

Not being personally acquainted with the lands to be divided, anfd therefore unable to make ~~xxxxxxxxx~~ an equal division in value, which the law required should be done, we called to our assistance F. L. Wadsworth, John T. Milner, and James L. Tait; gentlemen who were supposed to be acquainted with the value of said lands, and relying upon the sworn statement of the value of said lands made out by said gentlemen we have accordingly to this valuation and in compliance with the law, divided the lands in said overlapping limits, setting apart for the benefit of each road an equal amount in value--This division embraces all the lands within the overlapping limits except lands near Gadsden in which the Alabama & Chattanooga Railroad and the Selma, Rome and Dalton Railroad were alone interested. These lands could not be divided for want of proper maps. They will be divided as soon as can be, and a report made to you of the same. We also herewith submit an account marked "K" shewing the various items of expenses incurred in making thisdivision and preparing for the same; which account we believe to be just, and we think it is proper charge against the lands divided, of this amount the South & North Alabama Railroad has already paid ($2036.73/100). This being more than their proportion, which is ~~xxxx~~ say ($1369.25/100) the amount overpaid by them say ($667.48/100) we think ought to be reimbursed out of the land set apart for the benefit of the

To Hon. T. J. Judge

Montgomery, Ala.

"Decision "

of Thomas J. Judge as umpire to settle the question in dispute referred to in the preceding statement of the Commissioners appointed to divide the lands therein designated;

The Act of Congress of June 3rd 1856, entitled "An Act granting ~~kxx~~ public lands in alternate sections to the State of Alabama, to aid in the construction of certain Railroads in said State, created a vested right in the State of Alabama for the use of the roads named in said act, to the lands therein granted on the terms and conditions named in said act. The acts of Congress approved respectively April 10th, 1869 and March 3rd 1871. revised and renewed the grant ~~xxixxxxxxx~~ originally made by the act of ~~Cxxxxxxxxx~~ June 3rd 1856 with the super-added condition that the respective roads should be completed within three years from the date of each of said Acts, another Act of Congress entitled "An Act relating to certain lands in the State of Alabama approved May 23rd 1872 confirms to the State of Alabama for th sole use and benefit of the Selma, Rome and Dalton Railroad Company the lands which had before that time been certified to the State of Alabama for the benefit of the Railroad from Selma to Gadsden under the Act of Congress before cited.

approved June 3rd, 1856.

Does the Act of Congress of May 23rd 1872 divest any of the rights either of the Alabama & Chattanooga or South and North Alabama Railroad Companies; which had been vested in them as cestuis que trust by the original act of June 3rd 1856 and the subsequent renewals of said act, and vest the same in the Selma, Rome and Dalton Railroad Company; I answer this question in the negative.

I think the main object of the Act of May 23, 1872 was to substitute the Selma, Rome and Dalton Railroad Company for the Alabama and Tennessee Rivers Railroad Company so that the former might receive the benefit of the grant originally made to the latter Company; and that said Act was not intended nor did it undertake to interfere with or disturb the rights or interests of either the Alabama and Chattanooga or South and North Alabama Railroads Companies, which had beenrequired by them by the grants previously made for their use and benefit In other words, said Act of May 23rd 1872, conferred upon the Selma, Rome and Dalton Railroad Company no other or greater right than had been previously granted to the Alabama and Tennessee Rivers Railroad Company.

The Grants of land made by the Act of June 3rd 1856, for the use of the Railroad Companies therein named, when the conditions were performed upon which the grants wer e made, became in effect contracts, the obligations of which could not be impaired by subsequent legislation. For instance some of the considerations of the respective grants were that said Railroads should remain public highways for the use of the government of United States, free from toll or other charges upon the transportation of any property or troops of the United States, etc.

An umpire as aforesaid I therefore decide that the lands claimed exclusively by the Selma, Rome & Dalton Railroad Company under the Act of Congress of May 23rd, 1872 are subject to division by the Companies between the three Railroad Companies before named.

An Act Granting Public Lands, in alternate sections, to the State of Alabama to aid in the construction of certain railroads in said State.

Be it Enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That there be, and is hereby, granted to the Stute of Alabama, for the purpose of aiding in the construction of railrouds; from the Tennessee River, at, or near Gunter's Landing, to Gadsden, on the Coosa River; from Gadsden to connect with the Georgia and Tennessee and Tennessee line of rail-roads through Chattooga, Wills and Lookout Valleys; and from Elyton to the Tennessee River at, or near Beard's Bluff, Alabama, every alternate section of land designated by odd numbers, for six sections in width on each side of said roads, each of

But in case it shall appear that the United States have, wher the lines or routes of said rouds are definitely fixed, sold any sections, or any parts thereof, granted as aforesaid, or that the right of preemption has attached to the same, then it shall be lawful for any agent, or agents, to be appointed by the governor of said State to select, subject to the approval of the Secretary of the Interior, from the lands of the United States nearest to the tiers of sections above specified, so much land in alternate sections, or parts of sections, as shall be equal to such lands as the United States have sold, or otherwise appropriated, or to which the rights of pre-emption have attached as aforesaid; which lands (thus selected in lieu of those sold and to which pre-emption rights have attached as aforesaid, togeth-

Washington D.C. Oct. 27 1876.

Sir:- I have the honor to transmit herewith a list No. 16 of selections approved June 3. 1856 entitled "An Act granting lands to aid in the construction of a railroad from the State of Alabama to the Tennessee River" and the act of March 3. 1857 granting lands to the State of Alabama to aid in the construction of certain railroads in said State, there are granted to said State for the purpose of aiding in the construction of a railroad "from Selma to Cedar Bluff, and thence to the Alabama & Tennessee River near Gunter's Landing, with a branch from Decatur to the Tennessee River opposite Guntersville, with the right of way through the public lands for the construction of said roads, and the right to take from the public lands adjacent to the line of said roads, timber, stone, coal, iron and other materials necessary for the construction and repair of said roads, and also alternate sections of land designated by odd numbers, to the extent of three sections per mile on each side of said roads, not sold, reserved, or otherwise disposed of by the United States, and to which a pre-emption or homestead claim may not have attached at the time the line of the road is definitely fixed, and a map thereof filed in the General Land Office by the Governor of said State."

And Whereas, by the act of Congress approved June 22, 1874, it was provided "That in the adjustment of all railroad grants, where such grants direct, to any railroad company, the odd sections of land designated by the limits of the granted lands, the Secretary of the Interior shall cause patents to be issued for the even sections of land not sold, reserved, or otherwise disposed of by the United States, and not otherwise appropriated at the date of the withdrawal of the line of the road, opposite to the end of each forty miles of road constructed, and patented by the Government, and the Commissioner of the General Land Office shall cause to be withdrawn from sale, for the purpose of adjustment under this act, the even sections of land within the limits of such grants, opposite to the completed portions of said roads, forty miles in advance of the construction thereof; and in case it shall appear that the even sections of land within the limits of said grants, opposite to the completed portions of said roads, forty miles in advance of the construction thereof, have been granted, sold, reserved, occupied by homestead settlers, or otherwise disposed of, other lands shall be selected by the Secretary of the Interior, in lieu thereof, in quantity not exceeding one section per mile, as may be necessary, within the limits of the first forty miles of said roads, and not more than ten miles beyond the same, which selections shall be made in the manner provided for in the first section of this act, and patented as the lands first granted are to be patented, and the Commissioner of the General Land Office shall withdraw from sale the lands selected as aforesaid, and not to be patented, until the adjustment under this act shall be completed, and the Secretary of the Interior shall report his action to Congress at the next session thereof after the same shall be completed" —

And Whereas, by act of Congress approved August

the privileges granted thereby are extended to all persons entitled to the right of homestead or pre-emption under the laws of the United States, provided such selection and improvement for pre-emption be made or filing thereof be entered of record after the survey of the township in which the land is located, but before the same are subject to private entry, and provided further that the rights of any railroad company claiming under the act of June 22, 1874, shall not be prejudiced hereby.

And Whereas, a certain designated tract of land embraced in an odd numbered section granted as aforesaid to the State of Alabama has been found to be in the occupation of one actual settler who has filed a claim thereto under the pre-emption laws of the United States, and proof of such settlement and improvement has been duly made according to law, and the said tract is claimed by such settler as a homestead, and the right of pre-emption thereto is claimed by such settler under the act of Congress approved June 15, 1880, entitled "An act for the relief of settlers on the railroad lands in Alabama, Mississippi and Louisiana," and the said settler has complied with the provisions of said act in all respects entitling him to a patent for said tract of land; and

And Whereas, the said Selma Rome and Dalton Railroad Company has duly relinquished under the provisions of said act of June 22, 1874, and the act of August 29, 1890, all its right, title and interest in and to said tract of land:

And Whereas, a certain tract of land has been selected by the duly authorized agent of the State of Alabama, in lieu of that relinquished as aforesaid, and application for the approval of selections aforesaid by the proper local officers and on file in this office:

And Whereas, the said tract lies adjacent to the constructed line of said road, and is particularly described as follows, to-wit:
