

April 2, 2009

I, Patricia Reynolds Scoggins do hereby make Koki D. Laddie executor over my estate that I inherited from my father, David Ray Reynolds in May 2007. The property is located at 477 Reynolds Road. My sister, Freida Reynolds and I inherited a house, land, barn, tractor and plowing parts from this estate. The antique china in the house goes to Koki Laddie. My part of the estate will be divided between my three grandchildren, Hunter Scoggins, Hayden Laddie and Jakob Laddie and not to be sold.

It is my wish as was it the wish of my daddy that this farm not be sold and that the tractor and parts be left on this farm for my husband Wayne Scoggins and Keith Laddie to keep the grounds cut and to plant gardens.

It is my wish that my daddy's will be carried out just like in his will, Hayden and Jake Laddie will inherit the back of the farm and that Koki and Keith must have this surveyed and pay for this. They have a copy of the addendum that was made giving this land to the them.

If my sister Freida ever wants to sell her part of the farm should she need the money that she sell it to Koki and Keith Laddie so that it may remain in the family as my daddy wanted. In my daddy's will it stated that it was left to me and Freida and that if either ever wanted to sell her part it had to be sold to the other sister for \$10,000, so that's what Koki and Keith would have to pay Freida because that's what I would do for her. I love my sister and I worshipped the ground my daddy walked on and wanted to carry out his will but was unable to do most of it. I would hope that she would honor his wishes if the need arises for her to need money.

It is my wish that my daughter Koki gets my jewelry and that the rest of my furniture goes back to my husband Wayne and that he will take care of it and remember using it with me in happier times.

It is my wish that Betty Denty live in the house with Mama and take care of her as long as she lives and that Betty be allowed to live on my place (or on mine and Wayne's) as long as she desires for doing this for my mother. My mother does not need to be put away and uprooted again and her and Betty get along good. Mama needs quite and peace and this arrangement could be that they pay Freida a little rent each month to help her out if need be.
