TABLE ON CONTENTS

1. Exhibit A (Pages 1 thru 4) Audit Committee Report showing number of SRA parcel owners signing "For" on audit report of 3-1-2011 (Total of 275).

2. Exhibit B (Pages 1 thru 280) Instrument in the form of a ballot signed by more than 55% approving the revision of Section 9.1 of Declaration in accordance with Section 16.8 Duration and Amendment of Articles XVI General of the Declaration.

   - Signatures received and counted on audit committee report on 3/1/2011. All ballots except (numbers 102, 245, and 265) totaled 275.

   - Three additional ballots signing "For' were received the afternoon of 3/1/2011 and were not included in the audit report on 3/1/2011. These three (3) ballots were received by mail and were postmarked prior to 3/1/2011. These ballots should be added to the audit report of 3/1/2011 (Ballot numbers 102, 245 and 265). This raises the total signing "For" to 278.

   - Additional number of SRA parcel owners signing "For" received after 3/1/2011, by mail: two (2) ballots were received after 3/1/2011. Ballot number 279 was received on 3/9/2011 and ballot number 280 was received on 3/23/2011. These two (2) ballots signing "For", if permitted to be added to the audit committee report of 3/1/2011, would bring the total signing "For" to 280.

Recommended modification to Section 9.1 of the SRA Covenants to read as follows:

"For the purpose of providing funds for use as specified in Article X hereof, the SRA shall in each year, assess against the Assessable Property a charge (which shall be uniform with respect to all Assessable Property within each subdivision) equal to a specified number of dollars per parcel. The SRA board shall set the base rate each year and the following factors shall be used to determine the "Annual Charge" for each parcel within each sub-division:

Townhomes	1.00	Crest	1.05	Cove	1.13
Cottages	1.05	Lakeridge	1.13	Estates	2.08

Each Parcel shall be charged with and subject to a lien for the amount of such separate assessment which shall be deemed the "Annual Charge" with respect to such Parcel. All future assessment changes will be the same percentage for all parcels in all subdivisions, and will not exceed 10% of the fee which was charged for each Parcel in each subdivision in the preceding year, unless such increase is approved by 51% of Class A members. It is specifically understood and represented that the utility charges to each Parcel, including sewer, water, electricity, telephone, gas and any other utilities are the separate and personal responsibility of the Parcel Owner and are not part of any assessments provided herein."

Based upon 2010 Annual Charge per Parcel, the 2012 Annual Charge per Parcel in each subdivision will be:

"For the purpose of providing funds for use as specified in Article X hereof, the SRA shall in each year, assess against the Assessable Property a charge (which shall be uniform with respect to all Assessable Property within each subdivision) equal to a specified number of dollars per parcel. "For the purpose of providing funds for use as specified in Article X hereof, the SRA shall in each year, assess against the Assessable Property a charge (which shall be uniform with respect to all Assessable Property within each subdivision) equal to a specified number of dollars per parcel. "For the purpose of providing funds for use as specified in Article X hereof, the SRA shall in each year, assess against the Assessable Property a charge (which shall be uniform with respect to all Assessable Property within each subdivision) equal to a specified number of dollars per parcel. The SRA board shall set the base rate each year and the following factors shall be used to determine the "Annual Charge" for each parcel within each sub-division:

Townhomes	1.00	Crest	1.05	Cove	1.13
Cottages	1.05	Lakeridge	1.13	Estates	2.08

Each Parcel shall be charged with and subject to a lien for the amount of such separate assessment which shall be deemed the "Annual Charge" with respect to such Parcel. All future assessment changes will be the same percentage for all parcels in all subdivisions, and will not exceed 10% of the fee which was charged for each Parcel in each subdivision in the preceding year, unless such increase is approved by 51% of Class A members. It is specifically understood and represented that the utility charges to each Parcel, including sewer, water, electricity, telephone, gas and any other utilities are the separate and personal responsibility of the Parcel Owner and are not part of any assessments provided herein."

Based upon 2010 Annual Charge per Parcel, the 2012 Annual Charge per Parcel in each subdivision will be:

Subdivision	2012 Annual Charge per Parcel	Subdivision	2012 Annual Charge per Parcel

"For the purpose of providing funds for use as specified in Article X hereof, the SRA shall in each year, assess against the Assessable Property a charge (which shall be uniform with respect to all Assessable Property within each subdivision) equal to a specified number of dollars per parcel. "For the purpose of providing funds for use as specified in Article X hereof, the SRA shall in each year, assess against the Assessable Property a charge (which shall be uniform with respect to all Assessable Property within each subdivision) equal to a specified number of dollars per parcel. Cottages	1.05	Lakeridge	1.13	Estates	2.08

Each Parcel shall be charged with and subject to a lien for the amount of such separate assessment which shall be deemed the "Annual Charge" with respect to such Parcel. All future assessment changes will be the same percentage for all parcels in all subdivisions, and will not exceed 10% of the fee which was charged for each Parcel in each subdivision in the preceding year, unless such increase is approved by 51% of Class A members. It is specifically understood and represented that the utility charges to each Parcel, including sewer, water, electricity, telephone, gas and any other utilities are the separate and personal responsibility of the Parcel Owner and are not part of any assessments provided herein."

Hoover, Shelby County, Alabama

Recommended modification to Section 9.1 of the SRA Covenants to read as follows:

"For the purpose of providing funds for use as specified in Article X hereof, the SRA shall in each year, assess against the Assessable Property a charge (which shall be uniform with respect to all Assessable Property within each subdivision) equal to a specified number of dollars per parcel. The SRA board shall set the base rate each year and the following factors shall be used to determine the "Annual Charge" for each parcel within each sub-division:

Townhomes	1.00	Crest	1.05	Cove	1.13
Cottages	1.05	Lakeridge	1.13	Estates	2.08

Each Parcel shall be charged with and subject to a lien for the amount of such separate assessment which shall be deemed the "Annual Charge" with respect to such Parcel. All future assessment changes will be the same percentage for all parcels in all subdivisions, and will not exceed 10% of the fee which was charged for each Parcel in each subdivision in the preceding year, unless such increase is approved by 51% of Class A members. It is specifically understood and represented that the utility charges to each Parcel, including sewer, water, electricity, telephone, gas and any other utilities are the separate and personal responsibility of the Parcel Owner and are not part of any assessments provided herein."

"For the purpose of providing funds for use as specified in Article X hereof, the SRA shall in each year, assess against the Assessable Property a charge (which shall be uniform with respect to all Assessable Property within each subdivision) equal to a specified number of dollars per parcel. The SRA board shall set the base rate each year and the following factors shall be used to determine the "Annual Charge" for each parcel within each sub-division:

Cottages	1.05	Lakeridge	1.13	Estates	2.08

Each Parcel shall be charged with and subject to a lien for the amount of such separate assessment which shall be deemed the "Annual Charge" with respect to such Parcel. All future assessment changes will be the same percentage for all parcels in all subdivisions, and will not exceed 10% of the fee which was charged for each Parcel in each subdivision in the preceding year, unless such increase is approved by 51% of Class A members. "For the purpose of providing funds for use as specified in Article X hereof, the SRA shall in each year, assess against the Assessable Property a charge (which shall be uniform with respect to all Assessable Property within each subdivision) equal to a specified number of dollars per parcel. The SRA board shall set the base rate each year and the following factors shall be used to determine the "Annual Charge" for each parcel within each sub-division:

Cottages	1.05	Lakeridge	1.13	Estates	2.08

Each Parcel shall be charged with and subject to a lien for the amount of such separate assessment which shall be deemed the "Annual Charge" with respect to such Parcel. All future assessment changes will be the same percentage for all parcels in all subdivisions, and will not exceed 10% of the fee which was charged for each Parcel in each subdivision in the preceding year, unless such increase is approved by 51% of Class A members. It is specifically understood and represented that the utility charges to each Parcel, including sewer, water, electricity, telephone, gas and any other utilities are the separate and personal responsibility of the Parcel Owner and are not part of any assessments provided herein."
