Notice to Adult Signing this Document: This is an important legal document. Before executing this document, you should know these facts:

This document gives the person you designate (the attorney-in-fact) the power to make **MOST** health care decisions for you if you lose the capacity to make informed health care decisions for yourself. This power is effective only when your attending physician determines that you have lost the capacity to make informed health care decisions for yourself and, notwithstanding this document, as long as you have the capacity to make informed health care decisions for yourself, you retain the right to make all medical and other health care decisions for yourself.

You may include specific limitations in this document on the authority of the attorney-in-fact to make health care decisions for you. Subject to any specific limitations you include in this document, if your attending physician determines that you have lost the capacity to make an informed decision on a health care matter, the attorney-in-fact **GENERALLY** will be authorized by this document to make health care decisions for you to the same extent as you could make those decisions yourself, if you had the capacity to do so.

The authority of the attorney-in-fact to make health care decisions for you **GENERALLY** will include the authority to give informed consent, to refuse to give informed consent, or to withdraw informed consent to any care, treatment, service, or procedure to maintain, diagnose, or treat a physical or mental condition.

Additionally, when exercising authority to make health care decisions for you, the attorney-in-fact will have to act consistently with your desires or, if your desires are unknown, to act in your best interest. You may express your desires to the attorney-in-fact by including them in this document or by making them known to the attorney-in-fact in another manner.

When acting pursuant to this document, the attorney-in-fact **GENERALLY** will have the same rights that you have to receive information about proposed health care, to review health care records, and to consent to the disclosure of health care records. You can limit that right in this document if you so choose.

GENERALLY, you may designate any competent adult as the attorney-in-fact under this document. You have the right to revoke the designation of the attorney-in-fact and the right to revoke this entire document at any time and in any manner. Any such revocation generally will be effective when you express your intention to make the revocation. However, if you made your attending physician aware of this document, any such revocation will be effective only when you communicate it to your attending physician, or when a witness to the revocation or other health care personnel to whom the revocation is communicated by such a witness communicate it to your attending physician. If you execute this document and create a valid Health Care Power of Attorney with it, it will revoke any prior, valid power of attorney for health care that you created, unless you indicate otherwise in this document. This document is not valid as a Health Care Power of Attorney unless it is acknowledged before a notary public or is signed by at least two adult witnesses who are present when you sign or acknowledge your signature. No person who is related to you by blood, marriage, or adoption may be a witness. The attorney-in-fact, your attending physician, and the administrator of any nursing home in which you are receiving care also are ineligible to be witnesses. If there is anything in this document that you do not understand, you should ask a lawyer to explain it to you.
