b. Grantee has assumed full and complete responsibility for the investigation and determination of the suitability of the surface and subsurface conditions of the Property including without limitation, the existence or presence of any sinkholes, underground mines, tunnels, water channels and limestone formations or deposits on, under, adjacent to or in close proximity with the Property;

c. Grantor has not made and does not make any covenants, representations or warranties, either express or implied, regarding the physical condition of the Property or any portion thereof, the suitability or fitness of the Property for any intended or specific use, any matters which would be disclosed by a current and accurate survey of the Property or whether any underground storage tanks or any hazardous or toxic waste, substances, or materials (including, but not limited to, asbestos, radon gas, formaldehyde and polychlorinated biphenyls), are currently present or at any time prior to the date hereof have been located in, on, under, upon or adjacent to the Property;

d. Grantee hereby irrevocably and unconditionally waives, releases and forever discharges Grantor, its agents, employees, officers, directors, shareholders, affiliates, subsidiaries and mortgagees and their respective successors and assigns, of and from any and all actions, causes of action, claims, potential claims, demands, agreements, suits, obligations, damages, costs, expenses, losses and liabilities of every kind and nature, known or unknown, arising out of or as a result of any past, present or future soil, surface and subsurface condition, known or unknown (including, without limitation, sinkholes, underground mines, tunnels, water channels and limestone formations and deposits), under or upon the Property or any other real property surrounding, adjacent to or in close proximity with the Property which may be owned by Grantor or any affiliates or subsidiaries thereof;

g. The Master Plan for Mt. Laurel, which the Founder may change from time to time without the consent or approval of any Owners (which would include Grantee), contemplates that Mt. h. As provided in the Declaration, each Owner (which would include Grantee) will be a member of the Association, as defined in the Declaration, and the Association has the right to levy Assessments against the Property, which Assessments are secured by a lien on the Property and if such Assessments are not timely paid, then such lien is subject to the foreclosure rights created by the Declaration;

i. Until the turnover Date, as defined in the Declaration, all members of the Board of the Association and all officers of the Association are appointed (and subject to removal) solely by

the Founder;

j. Only the real property shown on the Initial Plat and any Additional Property which is submitted to the Declaration and Master Deed Restrictions in accordance with the terms and provisions thereof is subject to the terms and provisions of the Declaration and the master Deed Restrictions. The Founder has no obligation to submit or add any of the other real property shown on the Master Plan to the Declaration or the Master Deed Restrictions; and

k. As of the date hereof, all roadways, streets and alleyways within Mt. Laurel are private and will be maintained by the Association; however, the Founder has reserved the unilateral right under the Declaration to dedicate all or any portion of the Common Roads within Mt. Laurel to any Governmental Authority in which event such Common Roads would become public roadways.

TO HAVE AND TO HOLD unto the said Grantee in fee simple, and to the heirs and/or successors and assigns of Grantee forever, together with every contingent remainder and right of revision; subject, however, to the Permitted Exceptions.

IN WITNESS WHEREOF, Grantor has caused this Statutory Warranty Deed to be executed as of the day and year first above written.
