(e) Each party agrees that it shall not pursue any claim for title defects against the other unless and until it has exhausted its rights to pursue such claims against the title insurer.

## 3. TAXES

(a) All property taxes, charges, and assessments shall be prorated as of the day before the Closing between USS and Riverwoods according to the number of days each party owns their respective parcel(s) during the property tax year, fiscal or calendar, as the case may be, of the levying jurisdictions.

(b) Each party shall assume any current use liability for the parcel to be acquired by them.

## 4. CLOSING AND POSSESSION DATES

(a) The deed from USS to Riverwoods for the USS Parcels and the deed from Riverwoods to USS for the RP Parcel shall be delivered no later than the sixtieth (60th) day after the effective date of this Agreement (the "Closing"). Possession of the respective parcels is to be given upon delivery of the deeds.

(b) Each party shall pay their own attorneys fees that may be incurred in connection with any aspect of this Agreement.

Operations South - Real Estate Exchange Doc. 228880 Rev. 11/2005

(c) Each party shall deliver to the other such affidavits and other documents as might be reasonably requested by the title insurer to issue the title insurance policies in accordance with the terms of the commitments for title insurance.

(d) Each party shall deliver to the other an affidavit executed by them confirming that such party is not a foreign person within the purview of the Foreign Investors in Real Property Tax Act (26 U.S.C. § 1445) and the regulations issued thereunder.

(e) Each party shall deliver to the other such additional documents as might be reasonably requested by the other or the title insurer to consummate this Agreement.

#### 5. ENVIRONMENTAL SITE ASSESSMENT

Upon execution of this Agreement, USS and Riverwoods may, at their option and expense, obtain a Phase I Environmental Site Assessment ("ESA") for the parcel(s) to be acquired by them subject to the review and approval of the other party prior to the issue of the final draft of the ESA, which approval shall not be unreasonably withheld or delayed. USS' and Riverwoods' obligations set forth in this Agreement are subject to each party's satisfaction that there are no reasonably unacceptable environmental problems on the parcel(s) to be acquired or conveyed by them. This Agreement may be terminated by USS or Riverwoods as a result of an unacceptable environmental problem on its parcel(s) or the parcel(s) to be acquired by them upon written notice as provided herein to the other party on or before the Closing. The cost of any ESAs shall be paid outside of Closing by the party requesting the ESA.

#### 6. DEEDS

Each party agrees to convey their respective parcel(s) to the other by special warranty deed free of all encumbrances except for standard title policy exceptions, the Permitted Exceptions, easements, and other matters of public record. In addition, the parcel(s) are to be conveyed subject to a reservation or exception of any minerals and mining rights by the parties, any zoning and subdivision restrictions, and ad valorem taxes for the current year. USS' special warranty deed form is attached hereto as "EXHIBIT D" and made a part hereof. Riverwoods' special warranty deed form is attached hereto as "EXHIBIT E" and made a part hereof.

#### 7. INVESTIGATION OF PREMISES

(a) Upon the effective date of execution of this Agreement until Closing, each party shall have access, at its risk and expense, to the parcel(s) of the other party for the purpose of performing site investigations, environmental assessments, tests (including soil tests), surveys, and completing all other due diligence inquiries deemed necessary by the parties in connection with this Agreement. Either party for any reason may decide that the parcels to be acquired for their intended use are not satisfactory. In that event, this Agreement shall be terminated and there shall be no further obligations of either party to the other.

(b) USS agrees to hold Riverwoods harmless from any claims or losses resulting from USS' entrance upon the Riverwoods Parcels, except to the extent such claims or losses are caused by the willful act or negligence of Riverwoods.

(c) Riverwoods agrees to hold USS harmless from any claims or losses resulting from Riverwoods' entrance upon the USS Parcels, except to the extent such claims or losses are caused by the willful act or negligence of USS.

Operations South-- Real Estate Exchange Doc. 223860 Rev. 11/12/00

Said bridge shall be constructed by Riverwoods or the then owner of Parcel A across the CSX Right-of-Way in the location approximately depicted on EXHIBIT F. Each party warrants that there is no unpaid indebtedness on its parcel(s) except as described in this Agreement. Each party warrants to the other that it has the right to enter into this Agreement and to perform all of the terms contained herein. These warranties shall survive the delivery of the deeds.

**11. DEFAULT**

If either party fails to perform the terms of this Agreement, the non-defaulting party shall have the option to enforce the conveyance of the parcel(s) by specific performance or other remedy at law or equity.

**12. ENTIRE AGREEMENT**

KNOW ALL MEN BY THESE PRESENTS that, for and in consideration of One Hundred Dollars (\$100) and other valuable considerations paid to UNITED STATES STEEL CORPORATION, a Delaware corporation, successor (by conversion) to United States Steel LLC and remote successor to USX Corporation (hereinafter referred to as "Grantor"), by RIVERWOODS PROPERTIES, LLC, an Alabama limited liability company, hereinafter referred to as "Grantee", the receipt and sufficiency of which is acknowledged, Grantor does hereby grant, bargain, sell, and convey unto Grantee two (2) parcels of land, MINERALS AND MINING RIGHTS EXCEPTED, situated in Section 5, Section 18, and Section 19, Township 20 South, Range 3 West of the Huntsville Principal Meridian, Shelby County, Alabama, as more particularly described on "EXHIBIT A" and depicted on map labeled "EXHIBIT B" attached hereto and made a part hereof (the "Property").

This conveyance is made upon the covenant and condition that no right of action for damages on account of injuries to the Property herein conveyed or to any buildings, improvements, structures, pipelines, or other sources of water supply now or hereafter located upon the Property, or to any owners or occupants or other persons in or upon the Property, resulting from sinkholes or other defects of the surface or subsurface of any nature affecting the Property or resulting from past mining and/or gas or oil producing operations of Grantor, or its assigns, licensees, lessees, or contractors, or resulting from past blasting, dewatering, or the past removal of coal, iron ore, gas, oil, methane, hydrocarbons, occluded natural gas, coal bed methane gas, gob gas, limestone and all other minerals and non-mineral substances, including water associated with the production of coal bed methane gas, or coal seam or other roof supports by Grantor, or its assigns, licensees, lessees, or contractors, whether said past mining and/or gas or oil producing operations be in the Property or other lands, shall ever accrue to or be asserted by Grantee or by Grantee's successors in title, this conveyance being made expressly subject to all such injuries, either past or future, and this condition shall constitute a covenant running with the land as against Grantee and all successors in title.

Operations Guide - Real Estate Exchange Doc. 226860 Rev. 1/12/2000

By acceptance of this deed and as a condition of the conveyance hereunder, Grantee acknowledges and agrees that the physical and environmental condition of the Property conveyed hereunder has been inspected by Grantee or its duly authorized agent and that the Property is purchased by Grantee as a result of such inspection and not upon any agreement, representation, or warranty made by Grantor. Furthermore Grantee, and on behalf of its successors and assigns, agrees to accept the Property in its "AS IS, WHERE IS, WITH ALL FAULTS" condition, including any physical and environmental conditions and to release Grantor from any and all liabilities under CERCLA, RCRA, or the HMTA, or any other local, state, or federal laws, rules, regulations, ordinances or other liability relating to the physical and environmental condition of the Property. It is the express intention of the parties that this assumption and release run with the land and shall be binding upon Grantee, its successors and assigns and all successors in title. No private right of action shall accrue with respect to the physical or environmental condition of the Property to any subsequent purchaser of the Property, whether by foreclosure or otherwise, due solely to the taking of title to the Property and, by taking such title, any such purchaser does thereby waive any and all right or claim against Grantor, Grantee, or their successors and assigns or any of them, for any costs, loss, damage, or liability such purchaser or its successors and assigns may incur as a result of the physical or environmental condition of the Property or the need or desirability to do any removal, corrective, or remediation work including, but not limited to, in connection with hazardous materials or waste pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act, as amended, the Resources Conservation and Recovery Act, as amended, and all regulations thereunder or any similar laws or regulations enacted by the United States of America or the State of Alabama, or any agency or instrumentality of either.

Grantor does hereby covenant that the Grantor is lawfully seized and possessed of the Property and has the right and lawful authority to sell and convey the Property. The Grantor does hereby warrant the title to the Property, and will defend the same against the lawful claims of all persons claiming by, through, or under Grantor and that the Property is free and clear of all encumbrances except for the Permitted Encumbrances set forth in "EXHIBIT C" attached hereto and by this reference made a part hereof, against which Grantor shall not defend.
