- NOTES:
- 1. All Easements on this map are for public utilities, sanitary sewers, storm sewers, and water systems, and may be used for such purposes to serve property both within and without this subdivision.
  - 2. Each lot owner is responsible for verifying soil conditions prior to any further construction on their lot. Soil outside of the proposed building footprint may be suitable to support house additions, swimming pools, etc. Before any further construction is performed, the property owner should consult a qualified geotechnical engineer to determine if soils are suitable for the proposed construction.
  - 3. The 8-foot buffer zone and the 30-foot building setback line for the north side and rear property lines are established by Hooper Planning and Zoning Commission Minutes of Meeting, dated November 10, 1997. Item 2:
