Overhead and/or Underground. The right from time to time to construct, install, operate and maintain, upon, over, under and across the Property described below, all poles, towers, wires, conduits, fiber optics, cables, communication lines, translosures, transformers, anchors, guy wires and other facilities useful or necessary in connection therewith (collectively, "Facilities"), for the overhead and/or underground transmission and distribution of electric power and communications, along a route selected by the Company, as generally shown on the Company's drawing attached hereto and made a part hereof, but which is to be determined by the actual location(s) in which the Company's facilities are installed. The width of the Company's easement will depend on whether the Facilities are underground or overhead: for underground, the easement will extend five (5) feet on each side of said Facilities as and where installed; for overhead Facilities, the easement will extend fifteen (15) feet on each side of the centerline of said Facilities as and where installed. The Company is granted the right to clear, and keep clear, all trees, undergrowth and other obstructions on a strip of land extending five (5) feet from each side of said underground Facilities, and to clear, and keep clear, all trees, undergrowth and other obstructions on a strip of land extending fifteen (15) feet from each side of the centerline of said overhead Facilities and the right in the future to install intermediate poles and facilities on said strip. Further, with respect to overhead Facilities, the Company is also granted the right to trim and cut, and keep trimmed and cut, all dead, weak, leaning or dangerous trees or limbs outside of the thirty (30) foot strip that, in the sole opinion of the Company, may now or hereafter endanger, interfere with, or fall upon any of said overhead Facilities.

Grantor hereby grants to the Company all easements, rights and privileges necessary or convenient for the full enjoyment and use thereof, including without limitation the right of ingress and egress to and from said Facilities, as applicable, and the right to excavate for installation, replacement, repair and removal thereof; and also the right to cut, remove and otherwise keep clear any and all structures, obstructions or obstacles of whatever character, on, under and above said Facilities, as applicable.

The easements, rights and privileges granted hereby shall apply to, and the word "Property" as used in this instrument shall mean, the following described real property situated in SHELBY County, Alabama (the "Property"): a parcel of land located in the SW 1/4 of the NW 1/4 of Section 15, Township 20 South, Range 2 West, more particularly described in that certain instrument recorded in Instrument Number 20160721000256490 in the office of the Judge of Probate of said County.

In the event it becomes necessary or desirable for the Company from time to time to move any of the Facilities in connection with the construction or improvement of any public road or highway in proximity to the Facilities, Grantor hereby grants to the Company the right to relocate the Facilities and, as to such relocated Facilities, to exercise the rights granted above; provided, however, the Company shall not relocate said Facilities on the Property at a distance greater than ten feet (10') outside the boundary of the right of way of any such public road or highway as established or re-established from time to time.
