By acceptance of this deed and as a condition of the conveyance hereunder, Grantee acknowledges and agrees that the physical and environmental condition of the Property conveyed hereunder has been inspected by Grantee or its duly authorized agent and that the Property is purchased by Grantee as a result of such inspection and not upon any agreement, representation, or warranty made by Grantor. Furthermore Grantee, for itself and on behalf of its successors and assigns, agrees to accept the Property in its "**AS IS, WHERE IS, WITH ALL FAULTS**" condition, including any physical and environmental conditions; to release Grantor from any and all liabilities under CERCLA, RCRA, the HMTA, the Surface Mining Control and Reclamation Act of 1977, the Alabama Surface Mining Act of 1969, the Alabama Surface Mining Control and Reclamation Act of 1981, as amended 1983 and 1990, the Alabama Water Pollution Control Act, as amended 1982, the Alabama Solid Wastes Disposal Act of 1969, the Alabama Air Pollution Control Act of 1971, as amended 1982, the Alabama Hazardous Wastes Management and Minimization Act of 1978, as amended 1985 and 1987, the Federal Toxic Substances Control Act of 1976, the Federal Water

It is the express intention of the parties that this assumption, release, and indemnity run with the land and shall be binding upon Grantee, its successors and assigns and all successors in title. No private right of action shall accrue with respect to the physical or environmental condition of the Property to any subsequent purchaser of the Property, whether by foreclosure or otherwise, due solely to the taking of title to the Property and, by taking such title, any such purchaser does thereby waive any and all right or claim against Grantor, Grantee, or their successors and assigns or any of them, for any costs, loss, damage, or liability such purchaser or its successors and assigns may incur as a result of the physical or environmental condition of the Property or the need or desirability to do any removal, corrective, or remediation work including, but not limited to, in connection with hazardous substances or waste pursuant to CERCLA, RCRA, the HMTA, the Surface Mining Control and Reclamation Act of 1977, the Alabama Surface Mining Act of 1969, the Alabama Surface Mining Control and Reclamation Act of 1981, as amended 1983 and 1990, the Alabama Water Pollution Control Act, as amended 1982, the Alabama Solid Wastes Disposal Act of 1969, the Alabama Air Pollution Control Act of 1971, as amended 1982, the Alabama Hazardous Wastes Management and Minimization Act of 1978, as amended 1985 and 1987, the Federal Toxic Substances Control Act of 1976, the Federal Water Pollution Control Act, as amended 1987, the Federal Clean Air Act, as amended 1990, and the Best Management Practices of the Alabama Department of Environmental Management, and all regulations thereunder or any similar laws or regulations enacted by the United States of America or the State of Alabama, or any agency or instrumentality of either.

Without limiting the foregoing, Grantee, by acceptance of this deed, hereby releases Grantor, its officers, directors, shareholders, parent companies, affiliated companies, employees, agents, successors and assigns (collectively, "Grantor Parties"), and agrees to indemnify, defend and hold Grantor Parties harmless, from and against any and all claims, losses, demands, costs, expenses, liabilities, damages and judgments, including personal injury, death or damage to property arising or resulting from, in whole or in part, or in any way connected with (i) the past, current or future use of the Property by Grantee, its successors, assigns or lessees and any person or entity which shall acquire any property interest or right (equitable, beneficial, direct or otherwise) with respect to all or any portion of the Property (collectively, "Grantee Parties") and/or (ii) any and all mining operations or other use of the Property prior to or after the date of this deed, irrespective of whether or not resulting in whole or in part from the negligent acts or negligent omissions of any Grantor Parties or their respective predecessors, successors, assigns, licensees, lessees or contractors including without limitation the existence (now or hereafter) of gob piles, mine shafts, mine entries, other mine structures and surface subsidence.
