In the event that anything would happen that would hinder or prevent me from carrying out my responsibilities as my Mothers Power of Attorney or Executor of her will, then, in accordance with her wishes, my powers to both would transfer to my Son Franklin Keith Page (her grandson). From that day forward to be carried out accordingly. Due to my Mothers dementia now this is considered to be a Legal and Binding document and cannot be contested, cancelled, or changed in any way except by me, Franklin Leroy Page, or my son Franklin Keith Page. And in the event my Mother passes my complete share of the inheritance will go to my wife Lynda M. Page, my son Franklin Keith Page, my son Myles Cameron Page and my son Timothy Joseph Page and cannot be contested in any way or changed, or cancelled. All others excluded from her will.
