The right from time to time to construct, install, operate, and maintain, upon, under, and across the Property described below, all wires, conduits, cables, transclosures, transformers, fiber optics, communication lines, and other facilities useful or necessary in connection therewith (collectively, "Facilities"), for the underground transmission and distribution of electric power and communications, along a route selected by the Company, as determined by the location(s) in which the Company's facilities are to be installed. The Company's right of way will extend five (5) feet on all sides of said Facilities as and where installed, and shall include the right to clear and keep clear said right of way (hereinafter referred to as the "Easement Area").
