SURVEYOR NOTES

1. TYPE OF SURVEY - This is a Boundary Survey, made on the ground under the supervision of a registered land surveyor. This is a Boundary Survey only, and is not intended to delineate the regulatory jurisdiction of any federal, state, regional or local agency, board, commission or other similar entity.
2. FIELD INSTRUMENT - The theodolite and electronic distance measuring equipment used for this survey was the Topcon GTS-3 Total Station.
3. UTILITIES - No utilities either underground or visible are shown on the survey. No excavation of underground utilities, underground encroachments, underground mines, or subsurface building foundations was made as a part of this survey.
4. TITLE REPORT - This survey was conducted without the benefit of an abstract of title, therefore, there may be other easements, rights-of-way, setback lines, agreements, reservations, restrictions, or other similar matters of public record, not depicted on this survey.
5. SCALED DATA - Attention is directed to the fact that this survey may be reduced or enlarged in size due to reproduction. This should be taken into consideration when obtaining scaled data.
6. SURVEY DATES - The date of field survey, listed is the last time that either field or office personnel were on the site and the last direct knowledge that this surveyor has of site conditions. Date of plot preparation and date of signature (also listed), have no relationship to actual site conditions as depicted on this map.
7. No instruments of record reflecting easements, right-of-ways, and/or ownership were furnished this surveyor except as noted.
8. Unless stated otherwise hereon, this survey was prepared without the benefit of an abstract or title. No liability is assumed by the undersigned for loss relating to any matter that might be discovered by an abstract, title search or legal judgement rendered on the property.
9. Liability of the undersigned for the survey shown shall not exceed the amount paid for this survey.
